Coerced Erin Hatton, 2020-03-24 What do prisoner laborers graduate students welfare workers and college athletes have in common According to sociologist Erin Hatton they are all part of a growing workforce of coerced laborers Coerced explores this world of coerced labor through an unexpected and compelling comparison of these four groups of workers for whom a different definition of employment reigns supreme one where workplace protections do not apply and employers wield expansive punitive power far beyond the ability to hire and fire Because such arrangements are common across the economy Hatton argues that coercion as well as precarity is a defining feature of work in America today Theoretically forceful yet vivid and gripping to read Coerced compels the reader to reevaluate contemporary dynamics of work pushing beyond concepts like career and gig work Through this bold analysis Hatton offers a trenchant window into this world of work from the perspective of those who toil within it and who are developing the tools needed to push back against it

You Can't Stop the Revolution Andrea S. Boyles, 2019-08-13 You Can't Stop the Revolution is a vivid participant ethnography inside of Ferguson protests as the Black Lives Matter movement exploded onto the global stage Sociologist Andrea Boyles offers an everyday montage of protests social ties and empowerment as coalescing to safeguard black lives while simultaneously igniting unprecedented twenty first century resistance Focusing on neighborhood crime prevention and contentious black citizen police interactions all in the context of preserving black lives this book examines how black citizens work to combat disorder crime and police conflict Boyles offers an insider's analysis of cities like Ferguson where the socialization of indifference leaves black neighborhoods vulnerable to citizen and state conflict all in a climate where black lives are not only seemingly expendable but also held responsible for their own oppression You Can't Stop the Revolution serves as a reminder that community empowerment is still possible in
