Case Closed Vol 1:

Case Closed, Vol. 1 Gosho Aoyama,2013-05-07 Ghastly beheadings bloody murders and coldhearted child abductions Precocious high school student Jimmy Kudo uses his keen powers of observation and astute intuition to solve mysteries that have left law enforcement officials baffled Hot on the trail of a suspect Jimmy is accosted from behind and fed a strange chemical which physically transforms him into a grade schooler Taking on the pseudonym Conan Edogawa he attempts to track down the people who did this to him But until he finds a cure for his bizarre condition Jimmy continues to help the police solve their toughest cases Can you crack the case before Conan does VIZ Media **Inventory of Federal Archives in the States** ,1941 Case Closed, Vol. 2 Gosho Aoyama,2013-05-07 Conan must contend with the murder of a man who burns to death while the prime suspect has the perfect alibi he helps a seemingly sweet and innocent girl look for her missing father and he still has time to explore a haunted house with some of his new friends from elementary school All the clues are there can you piece them together and solve these baffling cases before Conan does VIZ Media *The Defence of 'Obedience to Superior Orders' in International Law* Yoram Dinstein,2012-10-25 The first comprehensive monograph on the defence of superior orders after the second world war which remains pre eminent in the field the republication of this highly sophisticated work once again makes this book available to scholars and students in the field First published in 1965 Yoram Dinstein set the standard for future analysis of this issue providing a ground breaking interpretation that integrated domestic and international law to provide a subtle and nuanced challenge to the countervailing perceptions of the time shaped as they were by the Nuremburg and Eichmann trials The recent jurisprudence of the ad hoc Tribunals has shown remarkably similar analyses to those offered by Dinstein in this book demonstrating that this key work remains relevant today Reviewing the relevant precedents that existed at the time this book shows that superior orders were not in and of themselves a defence but that orders were relevant to other defences and therefore should not be entirely ignored Assessing the issue on a conceptual and practical level and offering an extraordinary level of detail this is a is a seminal work in international criminal law It makes required reading for scholars students and practitioners of international criminal law **Federal Court Records** United States.
