

CHAPTER I INTRODUCTION

Background of the Study

Language in the Educational system has made its significant part in the characteristic forms of Childhood development. It is believed to play a central role in developing the learning of students and academic achievement (Bashar, 2017). However, the use of Mother Tongue in the Educational system has been a highly debated policy where people are concern about its long-term effect on students, especially on this globalized world where English is the standard language (Namanya, 2017).

In the present Educational system where majority of the countries all over the world uses Mother Tongue as medium of instruction, multilingual students in a classroom is really inevitable. Choosing what medium of instruction is a challenging factor for the teachers because it is still unclear if it would be based on the majority of the students using the same first languages (Nyika, 2014).

Countries entire the world have their own characteristics of language where through this they can understand each other and communicate effectively. Some may call it as their home language or
