

## Skills Gap Analysis

If you know what skills are needed for your board to be effective, you will invite the right people to join your board. A simple gap analysis, or board matrix, helps pinpoint the best candidate for each position. To start, consult your annual work plan or organizational strategy to identify specific skills needed to complete the plan. Then, ask your current board members to identify their unique skills. Once you know your current board member's skills, fit them into a table and see where there are gaps. Here is an example:

Work Plan Tasks	Skills needed	Board member(s)
