Decision Modes in Complex Task Environments Norbert Steigenberger,Thomas Lübcke,Heather Fiala,Alina Riebschläger,2017-05-25 Despite intense research on decision making in action we still know little about when decision makers rely on deliberate vs intuitive decision making in decision situations under complexity and uncertainty Building on default interventionist dual processing theory this book studies decision making modes deliberate vs intuitive in complex task environments contingent on perceived complexity experience and decision style preference We find that relatively inexperienced decision makers respond to increases in subjective complexity with an increase in deliberation and tend to follow their decision style preference Experienced decision makers are less guided by their decision preference and respond to increases in subjective complexity only minimally This book contributes to a developing stream of research linking decision making with intra personal and environmental properties and fosters our understanding of the conditions under which decision makers rely on intuitive vs deliberate decision modes In doing so we go one step further towards a comprehensive theory of decision making in action

Port state control PSC involves the inspection of foreign ships in national port areas to verify that the condition and operation

of a ship and its equipment comply with the requirements of international regulations While IMO has always acknowledged that enforcement of global maritime standards is the responsibility of flag states the organisation nevertheless recognises that exercising the right to carry out Psc makes an important contribution to ensuring those standards are implemented consistently on ships of different nationalities The sub committee on flag state implementation has developed and maintained a framework to promote the global harmonisation and co ordination of Psc activities resulting in the adoption of resolution A 1052 27 by the assembly of November 2011 This resolution contains the Procedures for port state control 2011 and revokes resolutions A 787 19 and A 882 21 *Bibliography of Nautical Books* ,1990 Code of Safe Practice for Ships Carrying Timber Deck Cargoes, 2011 International Maritime Organization,2012 an erratum is available at [http www imo org](http://www.imo.org) Publications Documents Supplements and CDs English IA275E pdf **Federal Register** ,2013-12 Revised STCW Convention and Code Adopted International Maritime Organization,2010 STCW 95 ,1996
