in a relaxed manner outlined in this book *YOU ARE NOT STUCK : Your Energies Just Need A New Direction* Arti Sharma,2025-12-07 Take a deep breath Right now as you hold this book pause and notice how you feel Do you carry a subtle tension a feeling that something isn't quite right Perhaps a sense of being trapped or limited or simply unable to move forward in the way you truly desire This feeling of being stuck is incredibly common It's like standing in quicksand struggling against something you can't quite name watching your dreams feel further and further away We look for external culprits a challenging job a difficult relationship a lack of money or even just general bad luck We believe that if those things change then we will be free But what if the quicksand isn't outside of you What if it's an illusion created within The truth a profound and liberating truth is that you are not stuck You are not trapped by your circumstances your past or even your current challenges What often makes us feel stuck are the patterns of our own thoughts Our minds powerful engines that they are sometimes get set on a single track replaying old stories reinforcing limiting beliefs and constantly looking for reasons why things can't change Think of your mind like a powerful computer If it's loaded with old inefficient programs and bogged down with too much old data it will run slowly crash often and might not even be able to open new exciting applications You wouldn't throw the computer away you'd update the software delete old files and give it a new direction *Alpjan ,2006*
