Khammai Dhammasami,2018-01-11 Drawing on primary sources in Pali Burmese and Thai practising monk Venerable Khammai Dhammasami guides the reader through the complex history of monastic education in two neighbouring countries with very different Buddhist societies Burma and Thailand This book provides a clear account of the ways in which royal leaders and monastic institutions worked to develop monastic education in the face of changing political and economic conditions including colonialism and the political instability of the 19th and 20th centuries It studies influences from both British colonists and Siamese Thai reformers and engages with primary material including documents from Burmese monasteries royal orders royal chronicles and official government records As the first book to examine monastic education in Burma and Thailand this is a welcome contribution to the social monastic and religious history of Southeast Asia and the growing field of Burmese Buddhist Studies **Understanding Religious Violence** J.P. Larsson,2017-07-05 There is a long standing fear of that which is not understood Since September 11 2001 the fear surrounding the violent elements of religion has led to heightened tensions Research is thus essential to counteract the effects of religious xenophobia In this compelling book J P Larsson investigates religious violence terrorism and armed conflict in order to deliver the understanding required for a more peaceful world and to allow for a framework of conflict transformation This multi disciplinary text will greatly interest those in the fields of international relations theology and sociology **Reorienting Myanmar Studies in Myanmar** ,2019 Myanmar Two Millennia ,2000 Myanmar Historical Commission Conference Proceedings ,2005 Papers presented at the conference **Communicating Christ in Myanmar** Samuel Ngun Ling,2005 **Myanmar Politics 1958-1962** San Nyein,Myint Kyi (Daw.),2007 **International Theravāda Buddhist Missionary University, Yangon, the Union of Myanmar** ,1998 About the University contributed articles *The Dhammapada* ,1990 *Asian Christian Theologies: Southeast Asia* John C. England,2002 V 1 Asia region 7th 20th centuries South Asia Austral Asia v 2 Southeast Asia v 3 Northeast Asia **The Journal of Burma Studies** ,2004 **Encyclopaedia of Pali Literature: Dhammapada in Pali canon** Śrīdhara Tripāṭhī,2008 *Buddhist Funeral Cultures of Southeast Asia and China* Paul Williams,Patrice Ladwig,2012-04-26 The centrality of death rituals has rarely been documented in anthropologically informed studies of Buddhism Bringing together a range of perspectives including ethnographic textual historical and theoretically informed accounts this edited volume presents the diversity of the Buddhist funeral cultures of mainland Southeast Asia and China While the contributions show that the ideas and ritual practices related to death are continuously transformed in local contexts through political and social changes they also highlight the continuities of funeral cultures The studies are based on

long term fieldwork and covering material from Theravada Buddhism in Burma Laos Thailand Cambodia and various regions of Chinese Buddhism both on the mainland and in the Southeast Asian diasporas Topics such as bad death the feeding of ghosts pollution through death and the ritual regeneration of life show how Buddhist cultures deal with death as a universal phenomenon of human culture *Enriching the Past* 2006 **Encyclopedia of Buddhism** Robert E. Buswell, 2004 Review Buddhism is one of the world's major religions with influences reaching far beyond its origins in East Asia yet it is surprising that it has taken so long for a comprehensive reference source on this religion to appear Macmillan's work covers not only the familiar topics found in many existing titles on Buddhism but delves deeper Some 250 experts have crafted scholarly yet accessible articles on nearly 500 topics ranging from rituals and practices to art and Western influence Reference that rocks American Libraries May 2005 **Traditions of Knowledge in Southeast Asia**, 2004 Papers presented at the Conference on Traditions of Knowledge in Southeast Asia 17-19 December Rangoon *Religion and Contemporary Politics* Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography Selected Writings of Sao Htun Hmat Win Htūn Hmat Win (Sao.), 2004
