The Independent Filmmaker's Guide to the New Hollywood Gabriel Campisi, 2020-09-28 Netflix and its competitors like Disney Amazon Prime and Hulu have brought unprecedented levels of entertainment to consumers everywhere providing the richest most abundant aggregate of motion pictures and cinematic television the world has ever seen Behind the facade however things are not as pleasant A very costly paradigm shift is underway altering not only conventional business and finance models but also threatening long established avenues of entertainment such as movie theaters traditional television and home video and wreaking havoc on independent filmmakers and veteran producers alike This book attempts to make sense of ongoing economic and creative shifts of infrastructure and intellectual property to understand where the industry is headed and to distinguish which business models should be maintained and which ones should be left behind Featuring exclusive interviews with some of the industry's most prolific filmmakers and executives it dives into the trenches of Hollywood to provide readers with the knowledge necessary to rethink the business see past the turmoil recognize the new opportunities and take advantage of exciting new possibilities Change sparks innovation and innovation brings about great opportunity but only for the well informed and prepared

[Automation in Communication](#) Lionel Wee, 2024-09-19 By drawing on multiple examples from healthcare religion service encounters and poetry Lionel Wee presents rich insights into the use of automation in

communication through a posthumanist lens As communication becomes increasingly automated the use of automation creates significant conceptual challenges for ideologies about language beliefs about the nature of language as well as assumptions about the roles that interpretation anthropomorphism and folk theories of mind play when language is used in communication This book unravels the ideological implications of automation in communication and provides a new theoretical ground to address the major issues raised by automation Wee discusses the importance of thinking carefully about how we identify and distinguish the roles of speaker and hearer He also argues that we re evaluate our understanding of the relationship between language and community This book will be vital to students interested in studying the intersections of AI language and communication as well as researchers working in communication studies linguistics and the broader sociology of language in the age of technological change
