*Los Angeles Stories* Ry Cooder, 2011-10 Available Now World famous musician Ry Cooder publishes his first collection of stories

**Christian Allegory in Early Hispanic Poetry** David William Foster, 2021-12-14 Distinguishing figural or typological allegory a method adapted from the Christian exegesis of the Old Testament from the broader Hellenistic concept of allegory this book examines its use in representative poems of early Hispanic literature The author focuses on the thematic and structural employment of this originally nonliterary device and comments on the literary problems it posed and the artistic effects which were achieved by it The development of this particular allegorical method in medieval Hispanic literature works in Spanish Portuguese Galician and Catalan he shows was fully equal to that found in the medieval Latin Italian and English literatures and an understanding of its use serves to clarify the interpretation of many individual poems

**Sexuality in the Middle Ages and Early Modern Times** Albrecht Classen, 2008-12-10 Sexuality is one of the most influential factors in human life The responses to and reflections upon the manifestations of sexuality provide fascinating insights into fundamental aspects of medieval and early modern culture This interdisciplinary volume with articles written by social historians literary historians musicologists art historians and historians of religion and mental ity demonstrates how fruitful collaborative efforts can be in the exploration of essential features of human society Practically every aspect of culture both in the Middle Ages and the early modern age was influenced and determined by sexuality which hardly ever surfaces simply characterized by prurient interests The treatment of sexuality in literature chronicles music art legal documents and in scientific texts illuminates central concerns anxieties tensions needs fears and problems in human society throughout times

**A New History of Spanish Literature** Richard E. Chandler, Kessel Schwartz, 1991-09-01 First published in 1961 A New History of Spanish Literature has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of A New History of Spanish Literature bids fair to be the standard reference well into the next century

**The Untold Story** Mary Gossy, 2026-02-16 Choosing as her texts three works of the Spanish Golden Age Mary

Gossy uses feminist reader response psychoanalytic and narratological theory to examine gaps in narrative. The study surveys various critical approaches to such gaps which though intolerable to the reader are necessary to the operations of desire that make reading possible. It then examines the ways in which the treatment of gaps by traditional reading strategies reflects the treatment of women and women's bodies making of the gap a fetishized feminine object. Gossy explores the ways in which these deviant women, the witches, prostitutes, and hymen menders that inhabit these three works, *La Celestina*, *Celestina El casamiento engarioso*, *Coloquio de los perros*, *Deceitful Marriage*, *Colloquy of the Dogs*, and *La tia fingida*, *The Pretended Aunt*, can be seen to undermine the narrative expectations of the reader. In so doing, Gossy provides an important exploration of the heretofore neglected intersection of feminist theory and Spanish texts. The author concludes that the insights about reading, writing, and gender that they can help decode and reveal make contemporary literary theory and Spanish literature a dangerous and necessary couple.

**Ashes in Love** Óscar Hahn, 2009. This bilingual collection brings together renowned Chilean poet Oscar Hahn's two most recent works *Apariciones profanas* 2002 translated here as *Profane Apparitions* and *En un abrir y cerrar de ojos* the winner of Spain's Casa de America Award 2006 translated here as *In the Blink of an Eye* in one stunning volume. Hahn's work has been hailed by Mario Vargas Llosa as magnificent and truly original, the most personal I've read in the poetry of our language in a long time. And in *Ashes in Love*, Hahn beautifully affirms his reputation as the premier poet of his generation. In these outstanding poems, Hahn displays an uncompromising intelligence and strength, blending horror and humor with droll inventiveness. A sly craftsman, Hahn has assimilated poetic tradition but is not a slave to it; he employs a wide range of poetic techniques, opening himself to the possibilities of mystery, song, and story.

**Disputatio 5: Medieval Forms of Argument: Disputation and Debate** Georgiana Donavin, Carol Poster, Richard Utz, 2002-04-29. These studies illustrate the various high and late medieval transformations of formal and formalized argument from a broadly interdisciplinary perspective. They challenge today's dominant disciplinary approaches to what was and is still a pervasive mode of thought in the West. Many current treatments of medieval disputational texts have a narrow focus, either on the history of scholasticism, rhetoric, and pedagogy, or the genesis and function of such period-specific forms of academic altercation, as demonstrative dialectic or sophistic disputation, or the later *quaestiones quodlibeta* and *sophismata*. Moreover, scholarship in literature often ignores the parallel structures of academic argument and narrowly focuses on the narrative and aesthetic functions of debate.

**Reading Performance** Susan L. Fischer, 2009. Spanish Golden Age plays take their place at the forefront of world theatre. Oscar Wilde once observed that it is the spectator and not life that art really mirrors. This thought is borne out in this volume, which brings together two different and often mutually exclusive constituencies: the academic critic and the theatre practitioner. In looking at the ways in which theatre is a barometer of

society the essays in this book form part of a larger theoretical inquiry into performance as interpretation contingent upon the cultural context Engaging with theoretical approaches to culture and theoreticians from Elam to Brook and from Derrida to Bakhtin the author analyzes in detail productions of plays by Lope de Vega Tirso de Molina and Calder n dela Barca as well as an adaptation of Rojas Celestina on the Spanish or French or Anglo American stage Two chapters deal with appropriations of Shakespeare s Merchant of Venice in translation on the Spanish andFrench boards As they read performance in trans national productions these essays are not only at the cutting edge of theatre studies on the foreign stage but they also bring Spanish Golden Age plays long neglected byprofessional directors of the classics because of the lack of a continuous performance tradition closer to assuming their rightful place amongst the great theatre of the world
