Little Pianist. Piano Songbook for Kids Aria Altmann, 2021-10 One of the biggest mistakes when someone starts learning to play the piano is playing songs with their index finger instead of using all fingers and both hands Most piano sheet music for kids has notes for practicing with the right hand only which encourages the plinky plonk playing that children should avoid In this book however all songs have treble and bass clef notes for practicing with both hands So suppose you are looking for a diverse collection of 55 large print piano songs for children young learners or adult students that are simple enough for beginners to play and show letters note names numbers fingerings and lyrics In that case this is the perfect book for you In this book you will get 55 EASY PIANO SONGS FOR KIDS All songs have been arranged especially for young learners This means that all complex chords and rhythms have been simplified Also all the pieces are kept relatively short only one or two pages long This will allow your child to enter the magic world of piano without frustration FROM EASIEST

TO HARDEST Are you tired of searching for piano pieces with the appropriate difficulty At the beginning of this book you will find very simple songs and then they gradually get more challenging as the book progresses This will keep your child motivated and enable them to progress through the levels DIFFERENT TYPES OF SONGS You will get a diverse selection of pieces well known children s songs and nursery rhymes and simplified classical pieces as well as famous English evergreens and international folk songs This varied selection of easy sheet music will fuel your kid s enjoyment when practicing the piano WITH LETTERS AND NUMBERS The most straightforward songs in this book are presented with letters above the music notes to help you know what keys to press However as the pieces get more complex the note names have been deliberately left out to encourage note recognition All songs include finger placements numbers in problem areas LARGE PRINT Most music notes for beginners are pretty small so learners struggle to read them without squinting To avoid this all songs in this book have a clear layout and large print for students to follow the pieces easily NOTES FOR BOTH HANDS Most easy piano pieces for children have notes for practicing one hand only encouraging them to play songs with only their index finger The proper technique however is playing with all fingers and both hands That s why all pieces in this book are in both treble and bass clef i e both right and left hand BONUS FREE AUDIO FILES TO DOWNLOAD Do you want to get an idea of what a piece should sound like If you are unsure how to play a piece our audio files will help you get a feel for the melody Buy this book NOW and enter the splendid world of piano and music Ideal also as a wonderful birthday present or Christmas gift
