President Trump's personality Phillip Wells from working at a gas station to pay his way through college in rural Arkansas to a Walmart assistant manager to a business owner and millionaire Phillip is living his American Dream **Donald Trump, Robert Mueller, Christopher Steele** Diane Holloway Cheney, Ph.D.,2021-09-13 This thrilling page turner describes the lives of the most controversial men of our era and how they impacted each other We now realize that the greatest threat to our country can come from within as well as those not in our own country Can an administration ignore laws and attack democratic institutions without damaging democracy These shocking revelations are not without some humor to brighten what are otherwise dark and scary truths **Not Another U.S. History Textbook** Adam Strube,2024-01-15 Why on earth would two history nerds use their own free time to write another US history textbook Well that intelligent human is the right question This work breaks from the traditional memorization of who what when where and focuses on why and how The former is popular in schools due to its efficiency in quantification for testing You're either right or wrong about remembering facts But it's so boring that most students turn off their brains once they set foot in the class and that habit continues well into old age if not recognized and corrected Why and how are more subjective therefore harder to grade But with their asking people become re-centered in our collective story where they belong Only then can proper context be understood and criticism and perspective be applied We believe this approach to be the missing link in our education and understanding of current issues norms and discussion points Hopefully after reading this work each reader's critical thinking will activate around all history permanently That will certainly aid humanity's evolution and communication Wait does that mean this book can be categorized as self help Argue away **Stealing Your Vote** Christina Bobb,2023-01-24 How Election Fraud Is Rampant and How to Stop It before It Kills America The mainstream media has labeled it The Big Lie but the facts on the ground tell a very different story While politicians on both sides of the aisle scramble to stifle all investigations into election fraud and the mainstream media pumps out nothing to see here stories investigative reporter Christina Bobb reveals the ugly truth the 2020 election was riddled with lying cheating stealing and vote dumping which disenfranchised millions of Americans and probably swayed the outcome of the election As usual the cover up was even worse than the crime as politicians media and activists launched an all out assault on facts and evidence doing everything in their power to bury the truth and slander anyone who dared ask the inconvenient questions Stealing Your Vote tells the story of corruption within the Democratic Party but also reveals the cowardice throughout the Republican Party as fat and happy politicians from both parties desperately worked to protect the status quo Bobb also tells the story of a handful of brave patriots who tried and continue trying to find out just what happened in 2020 As we look forward to 2024 we face an unprecedented crisis millions of Americans have now lost faith in the integrity of our elections The country has become ever more polarized pitting those who believe the election was stolen versus those who are determined to cancel both the investigations and the doubters But election integrity should not be a partisan issue Fair and honest elections are the bedrock of our republic while tainted

elections are the hallmark of tyranny If we fail to regain election integrity and the trust of the American people all of us Democrat and Republican liberal and conservative are doomed to a dark future Christina Bobb s *Stealing Your Vote* is the first and only investigative report into what truly happened in the 2020 elections and the cover up that followed and what we must do now as our next presidential election approaches

**The Information State** Jacob Siegel,2026-03-24 We re often told that disinformation is everywhere and that it s endangering our democracy But what if the war on disinformation itself is really just a weapon to squash any and all legitimate dissent *The Information State* is an incisive examination of how we reached the point where anything that contradicts the dominant narrative can be labeled dangerous disinformation Tablet contributor Jacob Siegel charts how the technological infrastructure built to make society safer and more rational has steadily replaced democratic freedoms with systems of digital control Commercial Internet applications now double as military grade surveillance and influence tools Government tech partnerships established after 2001 in response to the global war on terror took on a life of their own and now target Americans Instead of competing for voters support the information state uses censorship mass surveillance and algorithmic manipulation to shape public perceptions as it tries to engineer reality Government officials requested that social media companies boost stories about Donald Trump s alleged connections to Russia while censoring those about Hunter Biden s laptops the origins of the COVID 19 virus and the war in Ukraine An alliance between government and tech companies formed to wage the war on terror has evolved into an unholy new kind of technocratic state and turned against America s own citizens Laws signed by President Obama as he left office fused together the media NGOs the national security complex and big tech companies into an unelected ruling party In short the information war came home and completely overtook American politics during the hyperpolarization of the Trump era and the isolation of the COVID 19 pandemic *The Information State* is an urgent necessary book that sounds the alarm on where society is headed in the age of AI if we don t relearn how to think for ourselves and ask searching questions about whether information can ever be a substitute for truth

**FIRE AND FURE: The Russian Dossier** Christopher Steele et al,2018-01-10 Newly revised for the breaking developments in the Trump Russia investigation This is an easy way to keep track of the Christopher Steele Dossier full transcript included plus an added bonus the full transcript of James Comey s explosive testimony before the Senate Intelligence committee in March 2017 To help keep all the players straight a Wikipedia overview is included

**Crime in Progress** Glenn Simpson,Peter Fritsch,2019-11-26 In the autumn of 2015 the founders of the US political research firm Fusion GPS Glenn Simpson and Peter Fritsch were hired by a Republican presidential candidate to look into the records of Donald Trump What began as a march through a mind boggling trove of lawsuits and sketchy overseas projects soon took a darker turn as they became the first to uncover Trump s disturbing ties to the Kremlin and the crimes that since have plagued his presidency To help them decipher this alarming evidence they engaged the services of an old acquaintance the former British MI6 agent and Russia expert Christopher Steele Steele would produce the

notorious dossier which disclosed that the Trump team was deeply compromised by a hostile foreign power bent on disrupting the West and influencing the US presidential election In *Crime in Progress* the authors and Steele break their silence for the first time chronicling their high stakes investigation and their desperate efforts to warn both the American and British governments the FBI and the media to little avail and no matter the costs Yet when the dossier finally exploded onto the world stage after a leak a ten person research firm above a Starbucks in Washington was thrust into the centre of the biggest news story on the planet a story that would lead to the Mueller report and disrupt Trump s secret planned rapprochement with Putin s Russia that could have re ordered the western alliance After four years on his trail the authors inescapable conclusion is that Trump is an asset of the Russian government whether he knows it or not A real life political thriller with the makings of a modern classic *Crime in Progress* is the definitive story of the pursuit of the truth about Trump and one of the greatest betrayals in American history

**Crime in Progress** Glenn Simpson, Peter Fritsch, 2019-11-26 1  
NEW YORK TIMES BESTSELLER I ve read kind of all the books on this subject and this is the one you want to read Rachel Maddow Before Ukraine before impeachment This is the never before told inside story of the high stakes four year long investigation into Donald Trump s Russia ties culminating in the Steele dossier and sparking the Mueller report from the founders of political opposition research company Fusion GPS Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open source investigations for businesses and law firms and opposition research for political candidates In the fall of 2015 they were hired to look into the finances of Donald Trump What began as a march through a mind boggling trove of lawsuits bankruptcies and sketchy overseas projects soon took a darker turn The deeper Fusion dug the more it began to notice names that Simpson and Fritsch had come across during their days covering Russian corruption and the clearer it became that the focus of Fusion s research going forward would be Trump s entanglements with Russia To help them make sense of what they were seeing Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele He would produce a series of memos which collectively became known as the Steele dossier that raised deeply alarming questions about the nature of Trump s ties to a hostile foreign power Those memos made their way to U S intelligence agencies and then to President Barack Obama and President elect Trump On January 10 2017 the Steele dossier broke into public view and the Trump Russia story reached escape velocity At the time Fusion GPS was just a ten person consulting firm tucked away above a Starbucks near Dupont Circle but it would soon be thrust into the center of the biggest news story on the planet a story that would lead to accusations of witch hunts a relentless campaign of persecution by congressional Republicans bizarre conspiracy theories lawsuits by Russian oligarchs and the Mueller report In *Crime in Progress* Simpson and Fritsch tell their story for the first time a tale of the high stakes pursuit of one of the biggest most important stories of our time no matter the costs

*House of Trump, House of Putin* Craig

Unger,2019-09-03 THE NEW YORK TIMES BESTSELLER The story Unger weaves with those earlier accounts and his original reporting is fresh illuminating and more alarming than the intelligence channel described in the Steele dossier The Washington Post House of Trump House of Putin offers the first comprehensive investigation into the decades long relationship among Donald Trump Vladimir Putin and the Russian Mafia that ultimately helped win Trump the White House It is a chilling story that begins in the 1970s when Trump made his first splash in the booming money drenched world of New York real estate and ends with Trump s inauguration as president of the United States That moment was the culmination of Vladimir Putin s long mission to undermine Western democracy a mission that he and his hand selected group of oligarchs and Mafia kingpins had ensnared Trump in starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City This book confirms the most incredible American paranoia about Russian malevolence To most it will be a hair raising revelation that the Cold War did not end in 1991 that it merely evolved with Trump s apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union In House of Trump House of Putin Craig Unger methodically traces the deep rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia He traces Donald Trump s sordid ascent from foundering real estate tycoon to leader of the free world He traces Russia s phoenix like rise from the ashes of the post Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower Without Trump Russia would have lacked a key component in its attempts to return to imperial greatness Without Russia Trump would not be president This essential book is crucial to understanding the real powers at play in the shadows of today s world The appearance of key figures in this book Paul Manafort Michael Cohen and Felix Sater to name a few ring with haunting significance in the wake of Robert Mueller s report and as others continue to close in on the truth

*Unredacted* Christopher Steele,2024-10-08 The intelligence officer behind the explosive Steele Dossier steps out of the shadows revealing a searing new report on the threat Putin and Trump pose to democracy based on alarming intelligence exposed in these pages for the first time Putin is now desperate to have Donald Trump back in the White House If he succeeds in helping Trump get reelected I am convinced that the global political order will be utterly changed We shall have entered a new historical era of strategic chaos a new world disorder The consequences of Trump winning the 2024 election are catastrophic from *Unredacted* To a unique degree Christopher Steele has been an eyewitness observer of modern Russian history He was a British diplomat and intelligence professional in Moscow when the Soviet Union was collapsing Steele was there when the putsch against Mikhail Gorbachev took place and when Boris Yeltsin took over the newly independent Russia After Vladimir Putin came to power Steele rose to become one of British government s leading Russia experts and played a central role in the investigation into the Kremlin ordered murder of Alexander Litvinenko Then in 2016 he wrote a series of explosive reports about the then presidential candidate Donald Trump and his links to Russia

Now known to the world as the Steele Dossier these intelligence documents drew the world's attention to Russia's relationship with Trump and reluctantly thrust Steele into the center of a global maelstrom Since Trump's election he has quietly continued his work Indeed Steele has had even better access to sources of information and intelligence on Russia ones that have given him a privileged view of what's going on inside the Kremlin and how much we in the West should worry about it In Unredacted Steele shares for the first time what that inside view looks like how he came to the point of gaining such a level of insight and what Western governments and all of us can and should do to counter this generational threat

**Proof of Collusion** Seth Abramson, 2018-11-13

For the first time the full explosive record of the unthinkable how a US president compromised American foreign policy in exchange for the promise of future business and covert election assistance

Looking back at this moment in history historians will ask if Americans knew they were living through the first case of criminal conspiracy between an American presidential candidate turned commander in chief and a geopolitical enemy

The answer might be it was hard to see the whole picture

The stories coming in from around the globe have often seemed fantastical clandestine meetings in foreign capitals secret recordings in a Moscow hotel Kremlin agents infiltrating the Trump inner circle

Seth Abramson has tracked every one of these far flung reports and now in **Proof of**

Collusion he finally gives us a record of the unthinkable a president compromising American foreign policy in exchange for the promise of future business and covert election assistance The attorney professor and former criminal investigator has used his exacting legal mind and forensic acumen to compile organize and analyze every piece of the Trump Russia story His conclusion is clear the case for collusion is staring us in the face Drawing from American and European news outlets he takes readers through the Trump Russia scandal chronologically putting the developments in context and showing how they connect His extraordinary march through all the public evidence includes How Trump worked for thirty years to expand his real estate empire into Russia even as he was rescued from bankruptcy by Putin s oligarchs and Kremlin agents How Russian intelligence gathered compromising material on him over multiple trips How Trump recruited Russian allies and business partners while running for president How he surrounded himself with advisers who engaged in clandestine negotiations with Russia How Trump aides and family members held secret meetings with foreign agents and lied about them By pulling every last thread of this complicated story together Abramson argues that even in the absence of a Congressional investigation or a report from Special Counsel Mueller the public record already indicates a quid pro quo between Trump and the Kremlin The most extraordinary part of the case for collusion is that so much of it unfolded in plain sight
