**Ukuleles in the Elementary Music Classroom** Haley Conway,2020 The lessons demonstrated in this report are focused on using ukuleles in the music classroom using virtual instruction Ukuleles are a growing tool that are being used in music rooms and that are popular instruments to give students an opportunity to

grow in a variety of musical ways These lessons incorporate a Kodaly inspired approach using solfege identifying the parts of the ukulele playing a melody using the open strings and then creating a composition with a variety of rhythms with the open strings on the ukulele Over the course of the past three years to complete my Masters degree some major developments I have made were expanding my knowledge and understanding of different methodologies used in the elementary music classroom and incorporating new technologies into my teaching instruction When creating the ukulele lessons for this Graduate Report I explored and used some technology tools that I have used in my classes over the summers For example during the Introduction to Graduate Studies class we learned more about Garage Band and Soundtrap These programs could be used for teachers to create background tracks to encourage student learning and practice and also allow for students to create musical compositions For my lessons I used it as a warm up to reviewing the open strings of the ukulele Another way that I incorporated technology was the use of Zoom In our classes Zoom was used a lot for class meetings Upon further research into the program I learned you could record and share on your screen I used this resource then to virtually teach my lessons when we had no contact with students this spring These resources have provided another way to connect and create with my students in my music classroom

maligning the avocado and young people he cleverly appropriates the fruit as an exemplar of how far we have come since the 1970s Richard Wakelin Australian Financial Review This is vintage Glover warm wise and very very funny Brimming with excruciating insights into life in the late sixties and early seventies The Land Before Avocado explains why this was the cultural revolution we had to have Hugh Mackay Hilarious and horrifying this is the ultimate intergenerational conversation starter Annabel Crabb PRAISE FOR FLESH WOUNDS A funny moving very entertaining memoir Bill Bryson New York Times The best Australian memoir I ve read is Richard Glover s Flesh Wounds Greg Sheridan The Australian Comprehensive Musicianship Through Classroom Music William O.
