Proceedings of the 7th

International Conference on Economic Management and Green Development Xiaolong Li, Chunhui Yuan, John Kent, 2024-02-26 Economics has always been a heated research topic and green development is rising and integrating with various fields for interdisciplinary studies. Initiated in 2017, the International Conference on Economic Management and Green Development (ICEMGD) is an annual conference aiming at bringing together researchers from the fields of economics, business management, public administration, and green development for the sharing of research methods and theoretical breakthroughs. The 7th International Conference on Economic Management and Green Development (ICEMGD 2023) was held on August 6, 2023. It was a hybrid conference including several on-site workshops and an online session. The workshops were held in London, Gala, Birmingham, Sydney, and Beijing. The proceedings consist of papers accepted by ICEMGD 2023, which are carefully selected and reviewed by professional reviewers from corresponding research fields and the editing committee of the conference. The papers have a diverse range of topics situated at the intersecting fields of economic management, public administration, and green development. ICEMGD is working to provide a platform for international participants from fields like macro and microeconomics, international economics, finance, agricultural economics, health economics, business management, and marketing strategies, regional development studies, social governance, and sustainable development. This proceedings volume, together with the conference, looks forward to sparking inspiration and promoting collaborations. This book will be of interest to researchers, academics, professionals, and policymakers in the fields of economic management, public administration, and development studies.
