The Critical Thinking Toolkit Galen A. Foresman, Peter S. Fosl, Jamie C. Watson, 2016-06-02 The Critical Thinking Toolkit is a comprehensive compendium that equips readers with the essential knowledge and methods for clear analytical logical thinking and critique in a range of scholarly contexts and everyday situations Takes an expansive approach to critical thinking by exploring concepts from other disciplines including evidence and justification from philosophy cognitive biases and errors from psychology race and gender from sociology and political science and tropes and symbols from rhetoric Follows the proven format of The Philosopher s Toolkit and The Ethics Toolkit with concise easily digestible entries see also recommendations that connect topics and recommended reading lists Allows readers to apply new critical thinking and reasoning skills with exercises and real life examples at the end of each chapter Written in an accessible way it leads readers through terrain too often cluttered with jargon Ideal for beginning to advanced students as well as general readers looking for a sophisticated yet accessible introduction to critical thinking

Educational Psychology Australian Edition Anita Woolfolk, Kay Margetts, 2012-07-25 Learning and teaching is an integrated process and theory and practice cannot be separated As in the previous Australasian edition Educational Psychology 3e continues to emphasise the educational implications and applications of child development cognitive science learning and teaching Recurring themes throughout the text include ideas about education social and socio cultural aspects

of education schools families and community development learning and curriculum and effective teaching Author Kay Margetts incorporates Australasian perspectives and applications using the work of Australasian researchers and teachers Numerous examples case studies guidelines and practical tips from experienced teachers are used in the text to explore the connections between knowledge understanding and practice

The Historical Christ Bruce W. Behrman, 2023-02-16 This book uses the recent findings of cognitive and clinical psychology to draw a picture of the historical Jesus The author uses recent research on conversational memory and clinical psychology in order to shine a light on the way Jesus was This book argues that Jesus suffered from manic depressive illness He identified with God He suffered from extreme mood changes and felt great compassion towards people All of these are mental states which may be triggered by manic depression Manic depression is not a dementing illness This author is not saying that Jesus suffered from a backward type of psychosis But manic depression when manifested in talented persons acts as a catalyst to trigger artistic creativity Many great artists and poets have suffered from manic depression Byron Schumann Tennyson van Gogh Fitzgerald and Lowell to name a few It is among great poets and artists such as these that the author place the historical Jesus This book therefore argues that the writers of the Gospels when they record Jesus as asserting his divinity were conveying an accurate picture of him His assertions of divinity were not fabrications of the early church
