**The Culture of Confession from Augustine to Foucault** Chloe Taylor, 2010-05-26 This book is a genealogical study of confession Drawing on the work of Michel Foucault as well as the history of Western confessional writings from Ancient Greece to contemporary pop culture this book challenges the transhistorical and commonsense views of confession as an innate impulse resulting in the psychological liberation of the confessing subject On the contrary confessional desire is argued to be contingent and constraining and alternatives to confessional subjectivity are explored

**The Tyranny of the Banal** David Deane, 2023-06-21 Catholic positions on contested moral issues are rejected by the majority in the secular West and are increasingly rejected by Catholics themselves In this book David Deane argues that there are two main reasons for this First the dominance of secular approaches deprives Catholic positions of their claim to coherence Second the Catholic positions

Deane shows have lost contact with the theology on which they were originally based In response Deane undertakes a deconstruction of the dominant secular positions and seeks to restore Catholic positions to their theological roots The result of this is a moral theology reconnected with the Trinitarian understanding of God and God s relationship with the world Restored to its doctrinal foundations the moral theology that Deane offers is more coherent more beautiful and more convincing than has been found in Catholic moral discourse for centuries

**Far Calls** Daniel Heller-Roazen, 2025-09-16 An inquiry into the theories and practices of overhearing When words are not heard but overheard when phrases are perceived in bits and pieces and when speakers failing to do as they intend state things that they never meant to say the saying in its unsteady relation to understanding becomes an event That event has long been studied by a disparate company of interpreters prophets priests and rabbis poets and philosophers linguists psychiatrists and psychoanalysts novelists and

filmmakers All have suggested that in the contingencies of discourse there are precious indications to be gleaned for which special techniques are required In Far Calls Daniel Heller Roazen reconstructs such arts of detection interweaving ancient medieval and modern examples From the rituals of the ancient Greeks Jews and Romans to Freud and Lacan from Augustine s catching of a salvific scrap of speech to the inspiration that Breton and Yeats Proust and Joyce drew from profane cries and transmissions Far Calls explores the powers of sonorous coincidence and the varieties of reading that it incites The Confessions of St. Augustine St. Augustine,2019-01-30 Confessions is the name of an autobiographical work consisting of 13 books what moderns call chapters by Saint Augustine of Hippo written in Latin between AD 397 and 400 The work outlines Saint Augustine s sinful youth and his conversion to Christianity Modern English translations of it are sometimes published under the title The Confessions of Saint Augustine in order to distinguish the book from other books with similar titles Its original title was Confessions in Thirteen Books and it was composed to be read out loud with each book being a complete unit Confessions is generally considered one of Augustine s most important texts It is widely seen as the first Western autobiography ever written and was an influential model for Christian writers throughout the Middle Ages Professor Henry Chadwick wrote that Confessions will always rank among the great masterpieces of western literature **Augustine of Hippo** Henry Chadwick,2010-08-05 The life and works of Augustine of Hippo 354 430 have shaped the development of the Christian Church sparking controversy and influencing the ideas of theologians through subsequent centuries His words are still frequently quoted in devotions throughout the global Church today His key themes retain a striking contemporary relevance what is the place of the Church in the world What is the relation between nature and grace Augustine s intellectual development is recounted with clarity and warmth in this newly rediscovered biography of Augustine as interpreted by the acclaimed church historian the late Professor Henry Chadwick Augustine s intellectual journey from schoolboy and student to Bishop and champion of Western Christendom in a period of intense political upheaval is narrated in Chadwick s characteristically rigorous yet sympathetic style With a foreword by Peter Brown reflecting on Chadwick s distinctive approach to Augustine The Confessions of St. Augustine Augustine Hippo,St Augustine of Hippo,David Clarke,Professor of Control Engineering Department of Engineering Science David Clarke,2018-01-09 This is an autobiography a work consisting of 13 books by Saint Augustine of Hippo written in Latin between AD 397 and 400 The work outlines Saint Augustine s sinful youth and his conversion to Christianity Its original title was Confessions in Thirteen Books and it was composed to be read out loud with each book being a complete unit Confessions is generally considered one of Augustine s most important texts It is widely seen as the first Western autobiography ever written and was an influential model for Christian writers throughout the Middle Ages Professor Henry Chadwick wrote that Confessions will always rank among the great masterpieces of western literature Written after the legalization of Christianity Confessions dated from an era where martyrdom was no longer a threat to most Christians as was the case two centuries earlier Instead a Christian s struggles

were usually internal Confessions was written between AD 397-398 suggesting self justification as a possible motivation for the work With the words I wish to act in truth making my confession both in my heart before you and in this book before the many who will read it in Book X Chapter 1 Augustine both confesses his sins and glorifies God through humility in His grace the two meanings that define confessions in order to reconcile his imperfections not only to his critics but also to God Pelagius a British monk took exception to Augustines prayer Grant what Thou commandest and command what Thou dost desire Pelagius recoiled in horror at the idea that a divine gift grace is necessary to perform what God commands For Pelagius and his followers responsibility always implies ability If man has the moral responsibility to obey the law of God he must also have the moral ability to do it Augustine took up the cause of God clearly demonstrating the the fall of man and the inability of man to do good and defended the truth of original sin The Confessions of St. Augustine Saint
