Bookstagram Picks Guide:

The Write Stuff ABMeneses, 2025-07-04 So you want to publish your own book Alright let s dive a little deeper into how you can make your book publishing journey cooler and easier We re not talking about your typical run of the mill How To book here Nope we re spicing things up with our unique blend of hands on experience to make this a truly enjoyable ride Let us guide you through various ways to effectively sell your books online We ll start by exploring options like online stores and shopping carts as well as introducing you to our unique workaround system We ll also show you the advantages of using a money wallet for online selling Plus we re throwing in some valuable tips on how to craft an engaging story line for your book Even if you already have your book ready you might find our insights helpful Additionally we ll recommend the best apps to use in your book selling journey You could say this book covers everything you need to know about writing and selling your book However the real gem of this book is our self publishing method We ve found a workaround for you to be able to sell your books in your own website without the monthly payments and all Sounds interesting You bet It s like having the best of two worlds Sell on online stores for wider coverage and at the same time sell in your own site without poring out heavy bucks You can start small and keep it simple by using our workaround option Sure there might be some security risks but let s be real everything online comes with a little bit of risk Our method is perfect for testing the waters trying out different strategies and getting a feel for the market without investing a ton of money up front After all it s all about that proof of concept right

How to Edit Your Own Novel Poppy Rose Solomon, 2025-07-25 You ve drafted your book and now s the time to start thinking of the next step Will you query traditional publishers Will you hire a professional editor to help you ready the book for independent publishing In this gatekept industry where secrets are held close and opportunities are few and far between I want to help you break through This book will help you on your way to publishing competing in the querying process Or for self publishers getting ready for a professional editor while saving costs because you ve been able to do much of the work yourself Publishing a book in today s publishing climate means standing out against hundreds of other authors That means cultivating your writing craft so your story is enthralling and your voice is unmistakable This book operates through a funnel strategy starting at the top with your big picture developmental edits like plot and characters and working our way down together until we re at the narrowest focus of spelling and punctuation Together we ll walk through Developmental editing like realism plot characters and worldbuilding Line editing from your paragraphs to showing versus telling Copy editing with tips for finding your weak points and spotting errors Exercises in each chapter to help you improve your craft PLUS my entire writing worksheet set with 40 pages of checklists

Project Management for Book Publishers John Rodzvilla, 2024-07-18 Project Management for Book Publishers provides readers with a solid understanding of efficient processes and workflows for content creation product development and the marketing and distribution of both physical and digital products Digital has brought more data more training and more accountability to the publishing process

But it has also shone light on how systems designed initially around print first publications are ill equipped to support an industry of now would be digital media companies This book addresses some of the major challenges for publishing houses facing this reality including how to create a digital aware workflow implementing quality assurance procedures and using different management systems to develop an efficient workflow Beginning by explaining project and product management practices used throughout technology and media companies it then delves into when and how these principles can be applied to the publishing workflow Topics covered include Waterfall and Agile Project Management Scrum methodology Kanban framework ebook and audio formats metadata quality assurance crowdfunding in app monetization ONIX and accessibility Readers will consider not just how to contend with online platforms that allow authors to publish with the click of a button and audiences accustomed to accessing content across multiple platforms and formats but also challenges arising from factors such as the data driven acquisitions model in libraries the downward spiral of sales in college bookstores the call for accessibility and the need for fluid content systems that can work with different publishing databases and software Written for publishing professionals at all levels this book will also help advanced students of Publishing and Book Studies navigate best practices for project management in the modern publishing landscape
