Video Verification in the Fake News Era Vasileios Mezaris, Lyndon Nixon, Symeon Papadopoulos, Denis Teyssou, 2019-09-17 This book presents the latest technological advances and practical tools for discovering verifying and visualizing social media video content and managing related rights The digital media revolution is bringing breaking news to online video platforms and news organizations often rely on user generated recordings of new and developing events shared in social media to illustrate the story However in video there is also deception In today s fake news era access to increasingly sophisticated editing and content management tools and the ease with which fake information spreads in electronic networks require the entire news and media industries to carefully verify third party content before publishing it As such this book is of interest to computer scientists and researchers news and media professionals as well as policymakers and data savvy media consumers YouTube Marketing Power: How to Use Video to Find More Prospects, Launch Your Products, and Reach a Massive Audience Jason Miles, 2014-01-03 Grab YOUR share of YouTube s BILLIONS of daily viewers YouTube is one of the world s most popular websites which makes it one of the best marketing tools on the planet Jason G Miles the author of Pinterest Power and Instagram Power shows you how to get up and running on YouTube and offers best practices for using it to drive traffic to websites to increase sales YouTube Marketing Power provides expert tips on how to design a powerful YouTube strategy LEARN HOW TO Make great videos quickly and easily Build brand loyalty with powerful videos Drive traffic and revenue to your existing business Advertise on YouTube Monetize your YouTube work This fast paced but highly detailed guide reveals why companies frequently fail at YouTube marketing and how you can succeed by avoiding the same mistakes YouTube Marketing Power is the only guide you need to take full advantage of today s most powerful and inexpensive marketing tools YouTube For Dummies Doug Sahlin, Chris Botello, 2011-02-10 YouTube For Dummies takes the classic Dummies tact in helping tech novices get a handle on a popular technology that more tech savvy audiences consider simple With so much content on YouTube getting media attention more first timers are jumping on the site and they need help The book also helps the next step audience of users looking to add content to YouTube Content includes Watching the Tube includes getting your PC ready for YouTube viewing finding video signing up for an account and creating favorites Loading Video to YouTube covers the nuts and bolts of shooting video transferring it to a PC editing it and sending it up to YouTube Bringing Along YouTube covers the various ways you can use YouTube video in places other than on the site Includes mobile YouTube and adding videos to your MySpace page or another Web site I Always Wanted To Direct explores how to use YouTube s directors program to upload longer video use the site for marketing or launch your own videoblog *Returning Well* Kirstie Sneyd, 2025-05-06 There are recognised challenges on returning to work after parental leave ranging from managing guilt and feeling overwhelmed to dealing with missed career opportunities There are also changes in the way parents return with increased working from home and more fathers taking parental leave leading to additional

demands such as getting up to speed with changes and dealing with stereotypes from others. Despite changes in legislation and an increase in workplace policies, progress in supporting parental returners is still limited. Managers often lack the experience, time, or skills to effectively manage those returning from parental leave, whilst parental returners may not recognise how they can best support themselves. This practical, evidence-based guide sees the return to work as a shared responsibility aimed at professionals who are returning after taking parental leave and managers who are supporting these parental returners. Grounded in psychological research, this book provides examples and practical tools and techniques for new parents to equip themselves for both going on parental leave and returning to the workplace. For managers, there is clear guidance and checklists to effectively support these returning parents.

[JavaScript Data Structures and Algorithms](#)
Sammie Bae, 2019-01-23

Explore data structures and algorithm concepts and their relation to everyday JavaScript development. A basic understanding of these ideas is essential to any JavaScript developer wishing to analyze and build great software solutions. You'll discover how to implement data structures such as hash tables, linked lists, stacks, queues, trees, and graphs. You'll also learn how a URL shortener such as bit.ly is developed and what is happening to the data as a PDF is uploaded to a webpage. This book covers the practical applications of data structures and algorithms to encryption, searching, sorting, and pattern matching. It is crucial for JavaScript developers to understand how data structures work and how to design algorithms. This book and the accompanying code provide that essential foundation for doing so. With *JavaScript Data Structures and Algorithms*, you can start developing your knowledge and applying it to your JavaScript projects today.

You'll Learn: Review core data structure fundamentals: arrays, linked lists, trees, heaps, graphs, and hash tables. Review core algorithm fundamentals: search, sort, recursion, breadth-first search, dynamic programming, bitwise operators. Examine how the core data structure and algorithms knowledge fits into the context of JavaScript explained using prototypical inheritance and native JavaScript objects and data types. Take a high-level look at commonly used design patterns in JavaScript.

Who This Book Is For: Existing web developers and software engineers seeking to develop or revisit their fundamental data structures knowledge; beginners and students studying JavaScript independently or via a course or coding bootcamp.

Predicting Malicious Behavior Gary M. Jackson, 2012-06-19. A groundbreaking exploration of how to identify and fight security threats at every level. This revolutionary book combines real-world security scenarios with actual tools to predict and prevent incidents of terrorism, network hacking, individual criminal behavior, and more. Written by an expert with intelligence officer experience who invented the technology, it explores the keys to understanding the dark side of human nature, various types of security threats, current and potential, and how to construct a methodology to predict and combat malicious behavior. The companion CD demonstrates available detection and prediction systems and presents a walkthrough on how to conduct a predictive analysis that highlights proactive security measures. Guides you through the process of predicting malicious behavior using real-world examples and how malicious behavior may be prevented in the future. Illustrates ways to understand malicious intent, dissect behavior, and apply the available tools and methods for enhancing security. Covers the methodology for predicting malicious behavior, how to apply a predictive methodology, and tools for predicting the likelihood of domestic and global threats. CD includes a series of walkthroughs demonstrating how to obtain a predictive analysis and how to use various available tools, including Automated Behavior Analysis. Predicting Malicious Behavior fuses the behavioral and computer sciences to enlighten anyone concerned with security and to aid professionals in keeping our world safer.
