Health,2012 Rig Check was developed by the National Institute for Occupational Safety and Health NIOSH in partnership
with safety experts from the oil and gas extraction industry It is made up of 35 inspection forms The forms are designed to be
used by rig workers to document the inspection of tools and equipment commonly found on rotary and workover rigs Each
inspection form includes instructions for assessing and recording the condition of the equipment When applicable relevant
federal regulations and industry recommended practices are included The Rig Check inspection forms are an excellent
training tool for short service employees who may not be familiar with the tools and equipment found on oil and gas rigs
Small companies whose safety and health resources are limited may find Rig Check useful for enhancing their HSE programs
The forms can also be downloaded from the NIOSH website at www.cdc.gov/niosh/programs/oilgas/products.html
