**Reading- The Grand Illusion** Kenneth Goodman, Peter H. Fries, Steven L. Strauss, 2016-01-22 What is reading In this groundbreaking book esteemed researchers Ken Goodman Peter Fries and Steven Strauss explain not only what reading really is but also why common sense makes it seem to be something quite different from that reality How can this grand illusion be explained That is the purpose of this book As the authors show unraveling the secrets of the grand illusion of reading teaches about far more than reading itself but also about how remarkable human language is how the brain uses language to navigate the world what it means to be human Each author brings a different perspective but all share a common view of the reading process Together they provide a clear and surprising exposition of the reading process in which they involve readers of this book in exploring the ways they themselves read and make sense of written language while their eyes fixate on fewer than 70 percent of the words in the text In addition the authors engage in a cross disciplinary discussion about how readers use the brain eyes and language in reading The different perspectives provide depth to the authors description of reading The information presented in this book will be new to many teachers researchers teacher educators and the public alike The final chapter draws on the understandings from the book to challenge the treatment of reading and writing as school subjects and offers the basis for supporting literacy development as a natural extension of oral language development

Teaching Writing From Content Classroom to Career, Grades 6-12 Maria C. Grant, Diane Lapp, Marisol Thayre, 2023-09-04 Teaching writing that is relevant to your students and their futures What kind of writing do we do beyond school It certainly isn't the well known five paragraph essay or tight iambic pentameter In today's workforce the purpose of writing is to communicate complex ideas specific to career fields Students need more than simply mastering academic writing so Teaching Writing From Content Classroom to Career shows how to combine writing instruction teachers already share language selection tone voice audience organization and style with meaningful writing tasks so students can connect classroom writing to the world of their work and their futures Authors Maria C Grant Diane Lapp and Marisol Thayre explain ways to show students how writing works in the world of work with Ready to go lesson plans focused on relevant world of work writing tasks and formats An overarching rubric of key skills as well as student self assessment rubrics to make instruction and implementation crystal clear Downloadable and reproducible tools for both students and teachers for ease of implementation Exemplar mentor texts

from the workplace in multiple disciplines that showcase writing's essential connections to workforce readiness Suggestions for using AI to generate exemplar texts Examples of how to be a successful communicator who knows how and when to move in and out of different modes of language Full of tools resources and strategies that are easy to implement and seamlessly overlay school writing curriculum this book sets students on the path to academic and career success through writing
