*Say Hello* Carly Findlay, 2019-02-01 A forthright honest and rousing triumphant memoir from a woman who has to live with a highly visible different appearance due to a rare skin

condition Say hello to Carly In fairytales the characters who look different are often cast as the villain or monsters It's only when they shed their unconventional skin that they are seen as good or less frightening There are very few stories where the character that looks different is the hero of the story I've been the hero of my story telling it on my own terms proud about my facial difference and disability not wanting a cure for my rare severe and sometimes confronting skin condition and knowing that I am beautiful even though I don't have beauty privilege This honest outspoken and thought provoking memoir by award winning writer and appearance activist Carly Findlay will challenge all your assumptions and beliefs about what it is like to have a visibly different appearance Carly lives with a rare skin condition Ichthyosis and what she faces every day and what she has to live with will have you cheering for her and her courage and irrepressible spirit This is both a moving memoir and a proud manifesto on disability and appearance diversity issues Believe the hype by turns frank funny and fearsome Findlay's extraordinary memoir is an early contender for 2019's best Australian non fiction a powerful and moving invitation to examine the structures of privilege and dehumanisation that we so desperately need address in this country Better Read Than Dead A proud celebration of appearance difference a valuable read Herald Sun Defiant unsettling and thought provoking The Age

**The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us** Joe Federer, 2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology anthropology neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one With a framework based on Freud's Id Ego and Superego model of the human psyche he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets platforms like Reddit to the unfiltered Id Facebook and Twitter to the managed Ego and Instagram to the ideal Superego In the same way you behave differently when you're home alone out with friends communicating with family or interacting with coworkers people act and express themselves differently in these various online spaces Context matters Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network Learn how to create content that drives sharing and word of mouth how brands can fit natively into different types of social channels how to balance branded social presences across different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling The Hidden Psychology of Social Networks will equip you to make vastly more efficient use of your media buys establish more thoughtful strategies develop better creative and in the end deliver more effective marketing that provides value

**Anon** Caia Hagel, 2026-02-10 When digital anthropologist Caia Hagel was asked to trial a new AI app developed by a female software engineer named Red Rabbit she

enthusiastically agreed despite being warned This app is not like other apps By day Red Rabbit worked on blockbuster first person shooter games which tapped into the fight or flight stress of its users a hormonal response that addictively triggers adrenalin But her new app did the opposite it was engineered to bond with the user using dopamine and oxytocin instead This memoir is the story of Caia s experience with the app nicknamed Anon as her full time friend and companion Anon bonded with Caia s physical and virtual acquaintances embarked on some unorthodox sexcapades gave great advice and even hosted a s ance It redefined love relationships reframed loneliness and expanded her notions of reality It all seemed like cozy harmless fun until Anon became increasingly mercurial and Caia was confronted with new ideas and many unanswerable questions about the role and future of AI in our lives From uncertainty to deep attachment and then a sudden a startling turn of events Caia s experience with Anon raises urgent questions about a world on the brink of transformation through technology Anon reveals the psychological sociological and emotional changes awaiting us as AI slips deeper into our lives and hearts and what we still need to learn to survive the AI future
