**The Two Kinds of Knowledge** E. W. Kenyon, 2025-07-15 Mankind's great body of knowledge has come to us through the five senses. Sense knowledge can see the handiwork of God and can see the design in creation but it cannot find the Designer. In fact it's often unwilling to admit that there is a Designer because it cannot see, hear, taste, smell, or touch Him. Sense knowledge says that faith cannot produce miracles. It does not know why we were created nor can it tell us the source of life, light, motion, gravity, or hundreds of other things. But revelation knowledge holds all of these answers and more. In *The Two Kinds of Knowledge*, God's Wisdom Is Greater Than Our Senses, E. W. Kenyon explains how we can discover the wisdom of God in His Word. This new kind of knowledge, which the secular world cannot grasp, brings us to a new kind of life, taking us out of our failures and weaknesses to fill our hungry hearts with love, faith, and grace.

**The Two Kinds of Knowledge** Essek William Kenyon, 1941  
**Thinking in the Spirit** Douglas Jacobsen, 2003-11-20 This book is about the boisterous beginnings of the American Pentecostal movement and the ideas that defined that movement during those formative years. It follows a group of men who rethought the Christian faith in light of their new experience of God. *Thinking in the Spirit* aims to provide scholars and general readers who know little or nothing about Pentecostalism with an introduction to the ideas of the movement's most articulate early spokespersons and to provide Pentecostals with a non-judgmental historical source to help them in their theological reflections. Douglas Jacobsen focuses on the individuals who formed the original brain trust of this now-gigantic religious movement. In a 25-year burst of creative energy at the beginning of the 20th century, these leaders articulated almost all the basic theological ideas that continue to define the Pentecostal message in the United States and around the world.

*E.W. Kenyon and His Message of Faith* Joe McIntyre, 1997  
**Catalog of Copyright Entries, Third Series** Library of Congress. Copyright Office, 1948  
**A Different Gospel** Dan R. McConnell, 2011-12-22 The name it claims, the theology of the Word Faith Movement, is presented as biblical, but is it? In this compelling book, McConnell documents the historical link between faith theology and New Thought metaphysics. He then analyzes faith theology's doctrines of healing and prosperity as well as its understanding of the atonement of Christ to show how they deviate from biblical teaching. This updated edition features a foreword by Hank Hanegraaff and an afterword by McConnell. Softcover from Hendrickson.

**The Two Kinds of Faith** E. W. Kenyon, 2021-03-30 Step Up to What God Has Said in His Word. *The Two Kinds of Faith* explains directly from the Scriptures what real faith is. This book is a must-read for anybody who desires a deeper walk with God. Read it, expecting the Holy Spirit to reveal principles that are easily applicable to your life situations, bringing powerful results because the Word of God is true and practical. What are the two kinds of faith? 1. Sense knowledge faith, where we must see, hear, or touch to believe. 2. Real faith, where we do not see, hear, or touch yet we believe and receive. We might understand this difference intellectually. Yet if we're not actually applying it in our everyday lives, it can have serious consequences for our relationship with God and the effectiveness of our prayers. Some people lose faith altogether when they feel God has not

heard their requests Many whose prayer lives were ineffective have turned to philosophical and metaphysical cults Unanswered prayers stand between the believer and a life of faith No matter what we may think or feel in the natural God s Word is true and it is the only foundation for faith To help us live in this reality we must actively exercise faith rather than hope You never receive what you are hoping for Hope is always in the future But faith is now As we become one with the Living Word in our actions faith will become an unconscious reality for us We will never need to struggle to produce faith We will only think of the need before us and God s ability to meet it Real faith means acting on the Word independent of any physical evidence To believe is to step up to what God has said in His Word and to have faith is to arrive there

**Importing Faith** Glyn J. Ackerley,2016-07-28 Many twenty first century evangelical charismatics in Britain are looking for a faith that works They want to experience the miraculous in terms of healings and Godsent financial provision Many have left the mainstream churches to join independentcharismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous But all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith This study discovers the origin of the principles that are taught by some charismatic leaders Glyn Ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the United States The origins of the ideas are traced back to New Thought metaphysics and its background philosophies of subjective idealism and pragmatism These principles were imported into the UK through contact between British leaders and those influenced by American word of faith teachers Glyn Ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have socialand psychological explanations rather than divine origins

E.W. Kenyon and the Postbellum Pursuit of Peace, Power, and Plenty Dale H. Simmons,1997 Essek William Kenyon 1867 1948 has virtually escaped scholarly notice and yet his influence on the twentieth century church is profound Of particular note is Kenyon s influence on William Durham that apparently led to the first major split in Pentecostalism Kenyon s own evangelistic work was thoroughly interdenominational touching every major Protestant denomination of his day E W Kenyon and the Postbellum Pursuit of Peace Power and Plenty is the most comprehensive biography of Kenyon available today It explores his influence on the Pentecostal Charismatic movements and likewise illuminates the practice of intuition and mysticism from which the 20th century message of peace power and plenty emerged Contains nine black and white photographs bibliography and index

**"In Jesus Name"** David A. Reed,2008 This is the first comprehensive study of the origins history and theology of Oneness Pentecostalism In Jesus Name tells the story of the third

stream of Pentecostalism Oneness Pentecostalism is the heterodox movement that was expelled from the Assemblies of God in 1916 because of rejection of doctrine of the trinity and the insistence of water baptism in the name of Lord Jesus Christ Reed in his research traces the movement now estimated to have 14 million members worldwide **Words on Cassette, 2002** R R Bowker Publishing, 2002 **The Health and Wealth Gospel** Bruce Barron, 1987 Fire in the Fireplace Charles E.
