The existing technology and future developments which lie ahead will change human life and impact faith and family life like no other in the history of mankind. Are you prepared? As parents and grandparents are you thinking about how technology and social media are affecting our children and grandchildren as well as our own lives? Are your family members spending too much time on social media with the use of technology devices: iPads, cellphones and computers? Given God's gift of free will, we all have choices to make. We need to wake up to choices and ways that balance and compliment the technology revolution with a spiritual revolution. In this book you will find an overview of awareness of the generations and how technology and communications have directly affected family and faith throughout the years. Helpful suggestions, inspirational and practical tips for individuals, parents, grandparents and family members to align social media and electronic devices to God's purpose for our lives. Common sense ideas on how to develop a technology plan for you and your family that will support goodness and counter the dangers of misuse. Ways to learn to listen with wisdom and discernment to God speaking to us through His Word, the Bible, His commandments and Holy people. Confidence to be encouraged to act as you prioritize your moral compass in using technology appropriately as God's gift, bringing your family closer to God. Ideally, scientific technology and Christian faith need to harmonize and mutually support one another. We need to seek protection and guidance from God as we encounter advancing modern technology. With so many fundamental changes on the horizon, we need to rely on our relationship with God and His unchanging teachings. Endorsements: Father James Russell: "What a timely gem of a book! What a hidden treasure of facts, figures and Faith encouragement! Once I got past page ten, I found it hard to put down. The authors offer tremendous insights on how faith and science can work hand and glove together for the enrichment of the individual, the family and society. I wish it was required reading for high school seniors and all couples entering marriage. May God use it to build up His kingdom here on earth." Brian Bruner: "As a faithful grandparent who grew up with faith in Jesus Christ but without cellphones, the internet, AI or social media, this book opened my eyes on the dangers and wonders that the technology age has to offer. I certainly have some talking points to go over with my children and grandchildren about our faith life and how technology can influence our moral fiber. Thank you for writing this thoughtful and informative book."
