CYBER MONDAY

NAME:

CYBER MONDAY

PASSAGE:

CYBER MONDAY: SHOPPING IN THE DIGITAL AGE

Cyber Monday is a shopping event that takes place every year on the Monday after Thanksgiving. It is a day when online stores offer special discounts to attract shoppers. Cyber Monday began in 2005 when retailers noticed that many people shopped online after the Black Friday weekend. Businesses decided to create a specific day for online deals, and Cyber Monday was born.

Unlike Black Friday, which often involves shopping in crowded stores, Cyber Monday is all about convenience. People can shop from the comfort of their homes or workplaces using computers, tablets, or smartphones. This makes it easier to find deals without having to stand in long lines or deal with large crowds.

.....

has grown in popularity over the years. Today, it is one of the most popular online shopping days in the world. Shoppers can find deals on everything from electronics and clothing to travel and services. Many online stores offer free shipping or special discounts, making the deals even more attractive.

.....

not just for big businesses. Small online shops also take advantage of the day, giving shoppers a chance to discover unique items. The event has become a way for small businesses to compete with larger retailers.

.....

shows how much technology has changed the way we shop. It gives consumers a chance to save money and enjoy the convenience of online shopping. For many people, Cyber Monday has become a favorite part of their holiday shopping season.
