### Gary Flaxley - Resume - CV

Design photographer videographer

A Google Wave "resume" is such a thing created! Just not 100 percent. The founder of the idea. We will a lot of people, professionals, self-employed, and people about you as a professional. However, we do live in a physical world and not on a piece of paper. As a designer, I find I most enjoying when we can create an experience out of something ordinary. Something that can bring a smile to the face. Something that is not what you expect it to be. Something simple, yet with multiple layers of information. Something that you can gaze and get an idea of the story.

Can Google Wave do all this in a resume? I don't know. But what if you I hope you like it. If you do, email me at [gary@flaxley.com](mailto:gary@flaxley.com).

Also, take a look at my portfolio at [www.flaxley.com](http://www.flaxley.com).
