

TONE

MOOD

Tone and mood are literary elements integrated in literature. They can be a source of confusion for students.

TONE

TONE is the way that an author wants their work to feel. It can be described precisely as the attitude or character of a place or piece of writing.

Examples

- The sun is shining brightly in the meadow, let's go out and play!
- The haunted mansion was dark with an eerie appearance.
- I'd rather stay here and wait than go into that dark room.

MOOD

MOOD is the way that someone feels about the content that they are reading. It can be defined specifically as a temporary state of mind or feeling.

Examples

- There was plenty of food, and the music was playing. Everybody was having a good time.
- When I read the section about The Haunted Mansion, it made me feel scared and anxious.
- The man kicked and threw the poor cat out of his house.
