c't Working with AI c't-Redaktion,2024-01-24 The special issue of c t KI Praxis provides tests and practical instructions for working with chatbots It explains why language models make mistakes and how they can be minimised This

not only helps when you send questions and orders to one of the chatbots offered online. If you do not want to or are not allowed to use the cloud services for data protection reasons, for example, you can also set up your own voice AI. The editorial team explains where to find a suitable voice model, how to host it locally, and which service providers can host it. The fact that generative AI is becoming increasingly productive harbours both opportunities and risks. Suitable rules for the use of AI in schools, training, and at work help to exploit opportunities and minimise risks.

[The Business Year: Ecuador 2023](#) , The Business Year Ecuador 2023 is our eighth annual publication focusing on the Ecuadorian economy and has a particular emphasis on sustainability in the post COVID 19 era. This 160 page publication features around 150 interviews with C level executives from various sectors including finance, the green economy, tourism, energy and renewables, mining and hydrocarbons, health and education, construction and real estate, industry, IT and telecoms, and transport and logistics. These interviews provide valuable insights into how businesses are integrating sustainability into their strategies, promoting responsible practices and contributing to Ecuador's sustainable development agenda. By documenting Ecuador's ongoing transformation toward a more sustainable economy, The Business Year aims to inform the international business community about the opportunities, challenges, and success stories emerging from this remarkable journey.
