A COUNTRY WITH A LOT OF POSSIBILITIES JAVIER CLEMENTE ENGONGA AVOMO, Few countries in the world have a real chance of being free independent and prosperous as the Republic of Equatorial Guinea But trying to reinvent the wheel so often calls into question not only the credibility but also the efficiency of trying to build castles on sand Many regions have missed the opportunity to grow because of many bad decisions behind which only corruption and ignorance prevailed To fly without learning to walk is risky enough but to build a

nation without national objectives without nationalism patriotism and brotherhood is to relive the past of subjugation to darkness It is true we are all Guineans but what some people feel for their brothers is often questioned when they oppress with all their decisions the well being of a majority that no longer knows how to express itself that apolitical majority that only asks and demands peace well being and prosperity because it is more than its right But to talk like this in this country is more than talking about politics it is offensive to those who tolerate neither justice nor freedom because to talk about peace is painful for those who destroy peace Javier Clemente Engonga 22 07 2021 Customer Service on the Internet Jim Sterne,1996-09-25 From managing your corporate image to organizing information and making it readily available to prospects this book explores both the technical and strategic issues of tapping into the very latest Web methods This book also provides a cost benefit analysis and makes recommendations on what type of information a company should provide over the Net The Big Stretch: 90 Days to Expand Your Dreams, Crush Your Goals, and Create Your Own Success Teneshia Jackson Warner,2019-11-22 From concept to reality in just 90 Days The Big Stretch is a proven program for making your personal and professional dreams come true The Big Stretch delivers a four tiered self evaluation and empowerment program for jumpstarting a new business new career or new idea and maintaining high levels of success long term One of today s most effective coaches for entrepreneurs Teneshia Jackson Warner walks you through a career workout routine designed to move you from idea to goal First you ll learn what type of dreamer you are Hobby Career Make It Happen Activist or CEO Based on that you will discover your Dreamer s Risk Tolerance and understand your Dreamer s Ancestry to help gauge how much time support and resources you can apply toward your Stretch goal You ll then create a One Year Dream Projection to develop clear realistic goals Finally you ll begin your 90 Day STRETCH program involving weekly exercises to build and strengthen your business physique Whether you want to escape the grind of a 9 to 5 job improve an existing business or simply get your dreams off the ground The Big Stretch provides the knowledge and insight you need to turn your ideas into reality **Strategic Management** John A.
