Amazon Paul Smith, Alexander Monea, Maillim Santiago, 2022-11-28 Amazon is everywhere In our mailboxes in delivery vans clogging our streets in an increasing portion of our air traffic in our grocery stores on our televisions in our smart home devices and in the infrastructure powering many of the websites we visit Amazon's tendrils touch the majority of online retail transactions in the United States and in many other countries As Amazon changes the face of capitalist business it is also changing global culture in multiple ways This book brings together some of the most important analyses of Amazon's pioneering business practices and how they intersect with and affect the components of everyday culture Its contributors examine the political economy of Amazon's platform making the argument that it operates as an unregulated monopoly that is disruptive to the global economy and that its infrastructure and logistical operations increasingly alienate its workers and wreak many other social harms Our contributors outline the practices of resistance that have been employed by organizers ranging from Amazon employees to artists to digital piecemeal laborers working on Amazon's Mechanical Turk platform They examine the broader cultural impact that Amazon has had looking at things like Amazon Prime and the creation of unending consumption the absorption of Whole Foods and its brand of conscious capitalism and the impact of Amazon Studios and Prime Video on everyday film and television viewing practices This book examines the broader environmental impacts that Amazon is having on the world looking at the slow violence it incurs its underwhelming Climate Pledge and the regional impacts that its business practices have Lastly this book gathers together some important artistic responses to Amazon for the first time in an appendix that offers readers insight into other ways in which critics of the company are making their voices heard and attempting to move broader audiences into solidarity against Amazon

The Everything War Dana Mattioli, 2024-04-23 Most Anticipated by Foreign Policy Globe and Mail Next Big Idea Club Must Read April Books A Publishers Weekly Best Book of the Year Will stand as a classic Christopher Leonard Riveting shocking and full of revelations Bryan Burrough From the Pulitzer Prize winning veteran Amazon reporter for The Wall Street Journal The Everything War is the first untold devastating expos of Amazon's endless strategic greed from destroying Main Street to remaking corporate power in pursuit of total domination by any means necessary In 2017 Lina Khan published a paper that accused Amazon of being a monopoly having grown so large and embedded in so many industries it was akin to a modern day Standard Oil Unlike Rockefeller's empire however Bezos's company had grown voraciously without much scrutiny In fact for over twenty years Amazon had emerged as a Wall Street darling and its customer obsession approach made it indelibly attractive to consumers across the globe But the company was not benevolent it operated in ways that ensured it stayed on top Lina Khan's paper would light a fire in Washington and in a matter of years she would become the head of the FTC In 2023 the FTC filed a monopoly lawsuit against Amazon in what may become one of the largest antitrust cases in the 21st century With unparalleled access and having interviewed hundreds of people from Amazon executives to competitors to small businesses

who rely on its marketplace to survive Mattioli exposes how Amazon was driven by a competitive edge to dominate every industry it entered bulldozed all who stood in its way reshaped the retail landscape transformed how Wall Street evaluates companies and altered the very nature of the global economy It has come to control most of online retail and uses its own sellers data to compete with them through Amazon's own private label brands Millions of companies and governmental agencies use AWS paying hefty fees for the service And the company has purposefully avoided collecting taxes for years exploited partners and even copied competitors leveraging its power to extract whatever it can at any cost It has continued to gain market share in disparate areas from media to logistics and beyond Most companies dominate one or two industries Amazon now leads in several And all of this was by design *The Everything War* is the definitive inside story of how it grew into one of the most powerful and feared companies in the world and why this lawsuit opens a window into the most consequential business story of our times

Winner Sells All Jason Del Rey,2023-06-20 A riveting investigation of the no holds barred battle between Amazon and Walmart to become the king of commerce For years Walmart and Amazon operated in separate spheres one a massive brick and mortar retailer the other an online giant But in 2016 Walmart aggressively moved into the world of e commerce while Amazon made big bets in physical retail The resulting rivalry is a bare knuckle power struggle as each titan tries to outmaneuver the other to become the biggest omnichannel retailer in the world As the two megacorporations have consolidated power troubling consequences have also emerged for consumers and small merchants faced with fewer buying and selling options and for millions of workers paid meager wages for demanding and sometimes dangerous work *Winner Sells All* is a tale of disruption and big money moves with legendary executives and fearless

entrepreneurs in a battle between rival corporations and sometimes even within the same company to invent the future and cement their own legacies Veteran journalist Jason Del Rey chronicles the defining business clash of this generation a war waged for our loyalty and our wallets with hundreds of billions of dollars at stake and millions of jobs on the line As both companies continue to expand their empires into new industries Winner Sells All reveals how this battle will change the ways we shop live and work for decades to come [The Amazon](#) Lopes Gonçaves,1904 **Principles of Economics in Context** Neva Goodwin,Jonathan M.
