N4 Communication Lecture S Guide R225 Saada R:

N4 Communication & Management Communication Frieda Wade, 2018 **N4 Communication and Management Communication**, 2018 **Oral Communication** Gail-Ann Greaves-Venzen, 2018-12-05 Oral Communication A Lecture Guide provides students with a comprehensive yet accessible guide to effective communication and public speaking. The text helps readers understand their role as well as the role of their audience during the communication process. With this new knowledge, students learn how to present concepts and share ideas with confidence and efficacy. The book begins by introducing students to the concept of communication, highlighting that communication is a complicated shared process that is composed of many variables and elements. Proceeding chapters teach readers how to prepare for a public address, organize a presentation to achieve maximum audience understanding and impact, and strategically practice the delivery of a speech. Additional topics include the disadvantages of memorizing a speech word for word, the impact of nonverbal communication on an address, and the advantages and disadvantages of different types of speeches or presentations. The text closes with a chapter dedicated to presentational aids and how their correct use can maintain audience engagement and increase understanding. Oral Communication is ideal for undergraduate courses in public relations, broadcast and radio journalism, and communication studies.
