The Latina Anti-Diet Dalina Soto, 2025-03-18. Break away from diet culture while still honoring your body and incorporating cultural foods in this fresh, expansive guide from the registered dietitian and creator of Your Latina Nutritionist. Witty and warm, *The Latina Anti Diet* is the perfect way to begin to heal your relationship with food and, by proxy, your body. Mikki Kendall, New York Times bestselling author of *Hood Feminism*, says diet culture is facing a reckoning and intuitive eating has been leading the charge. The movement has taken the internet by storm, encouraging us to stop dieting and make food choices that feel good for our bodies rather than follow influencers and their shakes. But intuitive eating is missing a key ingredient: culture. Like many movements, intuitive eating has become co-opted by a select few, placing the focus on mainstream food while discounting cultural cuisines. But how can we gain a healthy attitude toward food when our foods, our *arroz habichuelas* and *platanos* are left out of the conversation? Dalina Soto is here to add them back to our plates. As a registered dietitian, Soto understands the pros and cons of intuitive eating. As a first-generation Dominican American, she's also seen firsthand how this movement has only catered to a certain demographic. With her easy-to-follow CHULA method, Soto teaches us how to challenge negative thoughts, honor our bodies and health, understand our needs, listen to our hunger, acknowledge our emotions. She gives us tools to confront diet culture and the whitewashing of food so we can go back to eating what we love while managing our health. Engaging and incisive, *The Latina Anti Diet* is for everyone who's been told to lay off the tortillas and swap their white rice for brown. Soto shows us that food is so much more than calories; it's about celebrating our culture and living a life full of flavor.

American Muslims pursuing education and liberation beyond the borders of the United States Since the 1970s hundreds of Black American Muslims in the Tijani Sufi order have sought refuge in a new world that would nurture their racial religious and gendered identities away from anti Black and anti Muslim racism in the United States This new world is in Medina Baye a city in Senegal that is the headquarters of a pan African Sufi movement with tens of millions of members in Africa alone Drawing on a decade and a half of ethnographic engagement Black Muslim Freedom Dreams explores the Islamic educational opportunities created for and by Black American Muslims in Medina Baye chronicling the dreams sacrifices struggles and joys of young people and parents who live learn and strive for liberation between the United States and Senegal The volume traces their journeys between these two worlds zooming in to vividly portray everyday Black American and West African religious life and zooming out to map the sociopolitical landscapes educational conditions and Islamic and pan African ideologies that shape believers perspectives Black Muslim Freedom Dreams argues that Black Muslims experiences of Islamic education and pan African exchange are oriented towards collective care a radical way of being and belonging through which believers journey on the path towards Allah s love by caring for one another and addressing the material inequities that constrain their communities This notion disrupts narratives of religion that are limited to systems of personal belief showcasing instead how their educational experiences foster a collective responsibility and solidarity The book offers a compelling account of how Black Muslims engage with transnational religious and racial networks to build liberatory communities beyond the United States
