

Jan 9 version update

Here's what's new

- We made more improvements to the ChatGPT model! It should be generally better across a wide range of topics and has improved factuality.
- Stop generating: Based on your feedback, we're rolling out the ability to stop generating ChatGPT's response.

Sounds good!

Chatgpt Update Open Now:

Impact and implications of AI methods and tools for the future of education Kingsley Okoye, Samira Hosseini, Kamal Kant Hiran, Julius Nganji, 2024-06-07 The congruence of technology such as AI and its use for education can help transform the different pedagogical practices and future of education Educational organizations like The UNESCO and The World Bank are already calling for research and development oriented projects and creation mobilization of technological initiatives on how to re imagine education and operationalize the use of digital technologies for its purpose the Digitized Education Those goals mean or include methodological approaches and wide adoption of the AI methods in fostering education in the classroom or learning environments Also noteworthy is the fact that digitized education is now an inevitable and integral element to achieving the global sustainable development goals SDGs particularly the SDG4 that promotes quality of education

Generative AI for Web Development Tom Auger, Emma Saroyan, 2024-11-20 Explore the world of Generative AI and understand why it matters This book is divided into two parts introducing tools such as ChatGPT DALL E and will show you how to use them to build AI powered web apps The first part of the book describes Generative AI and covers the essential models and APIs from OpenAI Legal ethical and security considerations are discussed to help you decide whether it is an appropriate tool for your projects You ll then review ChatGPT and see how to use it effectively for generating code This is followed by a review of best practices and tips and techniques for getting around the limitations of ChatGPT and other OpenAI APIs The second part of the book provides practical guide to building a series of web apps with Next js that showcase how to use the OpenAI APIs For example you ll learn how to build a Story Poetry generator a language learning app and a blog site with a custom Chatbot widget The code for the web apps is generated using ChatGPT When done with this book you ll have a clear understanding of Generative AI and be well on your way to building web applications powered by OpenAI APIs and Next js

What You Will Learn Assess the legal ethical and security concerns with using Generative AI in web applications Review the latest APIs provided by OpenAI for generating text and image Use ChatGPT to generate code for web projects as well as tips and tricks to working around the limitations Who This Book Is For Experienced web developers and software engineers who know their way around HTML CSS and JavaScript but have limited or no experience using Generative AI to build web applications

Learning to Live With Generative AI Mark S. Anderson, 2025-12-23 A friendly step by step guide to understanding generative AI without stress or technical jargon Learn how to use AI calmly confidently and practically in everyday life through simple explanations real examples and a supportive learning path designed for beginners

[Large Language Models for Medical Applications](#) Ariel Soares Teles, Alaa Abd-alrazaq, Thomas F. Heston, Rafat Damseh, Livia Ruback, 2025-06-17 Large Language Models LLMs have revolutionized various domains with their capabilities to understand generate and process human language at scale In the realm of healthcare LLMs hold immense potential to transform how medical information is analyzed communicated and utilized This

Research Topic delves into the applications challenges and future prospects of employing LLMs in medical settings The adoption of LLMs in medical settings holds the promise of enhancing clinical workflows improving patient outcomes and facilitating more informed decision making processes These models built upon vast corpora of medical literature patient records and clinical guidelines possess the capacity to sift through and distil complex information providing health professionals with timely insights and recommendations tailored to individual patient needs Emerging Technologies, Novel Crimes, and Security Hedi Nasheri,2024-12-30 This book provides a holistic overview of the complexities of modern technological advances and their implications for crime and security It examines the societal dilemmas that accompany these technologies their strategic impact on geopolitics governments business and civil society The increasingly interconnected world gives rise to novel crimes and creates a new complex set of threats Understanding this landscape is essential to strategizing for the prevention protection mitigation and risk assessment of technology related crime Practical and approachable this book builds knowledge and awareness of the impact of emerging technologies on crime and security among professionals students academicians researchers and policymakers *Teaching and Assessing with AI: Teaching Ideas, Research, and Reflections* Davide Girardelli,Kelly Merrill Jr ,Amy Wanyu Ou,2026-03-19 By the end of 2022 generative AI technologies based on large language models had become easily accessible and increasingly widespread As disruptive technologies their full impact and range of applications are still unfolding Education is one of the six key application areas for generative AI identified by Chiarello et al 2024 alongside human resources programming office automation social media and search engines In education generative AI offers new possibilities for teaching and assessment such as personalized tutoring automated feedback and adaptive systems e g Jensen et al 2024 However these innovations also present significant challenges that educators must navigate to ensure that all learners may benefit from them Specifically educators are called to tackle among other things the changing dynamics of teacher student communication the shifting nature of their role ethical concerns in assessment and the impact of generative AI on intercultural understanding in increasingly diverse education settings The aim of this Research Topic is to offer a platform for researchers and educators to reflect on the impact of these technological shifts on classroom culture and to share innovative pedagogical experiments that enhance teaching and assessing practices The editorial team has chosen a short paper format to capture fresh ideas conversations and pedagogical experimentations making them easily accessible to a wider audience of researchers and teachers This multidisciplinary project welcomes contributions from teachers and researchers across a variety of fields e g communication education computer science economics mathematics and biology We are particularly interested in practices with cross disciplinary relevance that can shape classroom cultures at the tertiary level The generative AI tools discussed in contributions must be available in a free or free tier version or commonly available as part of university wide enterprise licenses or similar Submissions may focus on but are not limited to the following themes effective practices and or lessons

learned in integrating generative AI tools in classroom settings successful strategies for supporting teaching learning and assessment with generative AI tools real time student feedback through AI driven feedback mechanisms critical discussions on academic integrity critical thinking authorship and other ethical concerns related to generative AI in classroom teaching assessment and curriculum design advances in instructional communication and or pedagogical theories in the light of the integration of generative AI tools in classroom settings student engagement participation and collaborative learning in the AI mediated classroom educational materials instructional sources and teacher professional development in the AI mediated classroom development of knowledge and skills needed for learning in the generative AI era e g digital literacy and critical generative AI literacy critical discussions on the challenges that generative AI poses to classroom culture e g digital divide power dynamics and intercultural inequalities the sustainability of generative AI tools in classroom settings

The Topic Editors seek three types of submissions

- 1 Great Ideas for Teaching Assessing with AI GIFT AIs GIFT AIs are instructor and student tested ideas for effectively teaching and assessing a wide range of topics using generative AI The goal of GIFT AIs is to inspire educators to include and to experiment with AI in their teaching practices A GIFT AI may include a original single teaching activities b original teaching units spanning several days or weeks c original semester long projects or approaches for an entire course d systematic data driven reflection on assessment practices to monitor and support student learning and improve the quality of specific courses or overall programs GIFT AI submissions should include the following components

- 1 title begin with GIFT AI
- 2 intended course subject class size level modality duration recommended skill sets for students weekly schedule cross disciplinary relevance and other relevant information
- 3 objectives learning outcomes
- 4 theoretical rationale gamification authentic assessment collaborative learning etc
- 5 step by step implementation instructions preparation preliminary steps required learning materials etc
- 6 debriefing appraisal including any limitations and or suggested variations and reflections
- 7 references
- 8 appendix optional

The journals involved in this Research Topic accept a wide range of article types Suitable article types for GIFT AI submissions may include Brief Research Report and Technology and Code

- 2 Short Research Reports on Teaching Assessing with AI RESEARCH AIs RESEARCH AIs offer researchers engaged in advancing our understanding of the use of AI in educational settings the opportunity to present recent findings from a series of interconnected studies and classroom based research agendas The goal of RESEARCH AIs is to inform the scholarly community about comprehensive research programs and current research developments propose future research directions and contribute to evidence based practices for integrating AI in teaching and assessment Submissions to RESEARCH AIs should highlight how the presented findings stem from a coherent body of research that collectively addresses a unifying research question or theme RESEARCH AI submissions should include the following components

- 1 title begin with RESEARCH AI
- 2 abstract 100 200 words
- 3 introduction contextualization of the paper
- 4 main text comprehensive outline of the research agenda with discussion of relevant studies theories or models including research methodologies implemented

and key findings 5 conclusion summarizing key points highlighting the research agenda s contributions and suggesting future directions 6 references 7 appendix optional The journals involved in this Research Topic accept a wide range of article types Suitable article types for RESEARCH AI submissions may include Brief Research Report and Technology and Code 3 Reflections on Teaching Assessing with AI REFLECTION AIs REFLECTION AIs are reflective pieces exploring the possibility of AI in teaching and assessing practices They are intended to inspire meaningful thought provoking debates among educators also in the style of op ed REFLECTION AIs should be forward looking outlining potential trajectories in pedagogical practices and or provocative discussing critical issues These reflective pieces may be based on a variety of approaches including for instance autoethnography case studies and historical analysis and authors may include bold suggestions and proposals Reflective pieces that critically question the inclusion of generative AI technology in the classroom are welcomed REFLECTION AI submissions may be written in first person form if relevant and should maintain a clear focus REFLECTION AI submissions should include the following components 1 title begin with REFLECTION AI 2 abstract 100 200 words 3 introduction contextualizing the reflection and presenting the specific focus guiding the reflection 4 main argument discussion of the central theme with relevant examples case studies or personal teaching experiences if applicable May include an outline of possible future trajectories critical reflections bold suggestions and innovative ideas 5 conclusion 6 references 7 appendix optional The journals involved in this Research Topic accept a wide range of article types Suitable article types for REFLECTION AI submissions may include Perspective and Opinion Word Count and Supplementary Material Submissions should be a maximum of 3 000 words excluding the abstract section titles figure and table captions funding statement acknowledgments and bibliography references The word count includes appendixes unless the selected article type allows more than 3 000 words Relevant generative AI codes and scripts mentioned in the text as well as data that are not of primary importance to the text or which cannot be included in the article because they are too large or the current format does not permit it such as videos raw data traces PowerPoint presentations etc can be uploaded as supplementary material during the submission procedure and will be displayed along with the published article For more information about the submission of supplementary material please see here Manuscript Summaries Authors are encouraged to submit a manuscript summary before submitting a full manuscript The deadline for manuscript summaries is 31 01 2025 A manuscript summary is simply a summary of the manuscript one plans to submit The Topic Editors will review all manuscript summaries and provide feedback that authors should consider when writing their full manuscript Manuscript summaries will not be published externally and there is no associated fee The maximum word count for manuscript summaries is 2000 words Formatting Style Harvard is Frontiers recommended but not mandated citation style For manuscripts reviewed and accepted for publication the production process can include changing the style to Harvard

Continuing Engineering Education for a Sustainable Future Patricia Caratozzolo, Angeles Dominguez, Bente Nørgaard, Guillermo M. Chans, 2025-08-06 The

World Economic Forum stated in its 2023 Future of Jobs report that 44% of workers skills will change in the next five years Additionally six out of ten workers will require training before 2027 and only half will have adequate training opportunities With this in mind the three most pressing challenges currently facing the Continuing Engineering Education CEE community include 1 The shifting skill requirements dictated by the job market Engineering roles in various sectors are evolving demanding a mix of Knowledge Skills and Abilities KSA that is difficult to predict with certainty In addition the pace of Digital Transformation will highly influence these requirements 2 The climate change mitigation and adaptation Engineers must reskill and adapt to changing sustainability requirements and educational programs must support this transition 3 The underrepresentation of minorities Women racial and ethnic minorities and individuals with disabilities face disparities in opportunities mentorship and inclusion

The European Journal of Cultural Management and Policy (EJCMP) | 2023-2024 Retrospective Anna Villarroya,Elena Borin,Fabio Donato,2025-06-06 It is with joy that we present this eBook compiling the manuscripts published by EJCMP in 2023 and 2024 We are very grateful to all the authors editors and reviewers who have been contributing to EJCMP Their dedication and high level work have been crucial in shaping the journal into a platform that not only fosters academic excellence but also bridges the gap between theoretical research and practical applications in the field of cultural management and policy This collection represents a diverse range of topics ranging from the impact of digital transformation and Artificial Intelligence on the cultural sectors to new trends in cultural policy including the intersections among culture diversity and sustainability values And all that using new and diverse research methods and perspectives reflecting the dynamic and interdisciplinary nature of cultural management and policy studies As we celebrate our second compilation we look forward to the continued growth and impact of EJCMP Our goal remains to provide a vibrant forum for the exchange of ideas fostering a deeper understanding of cultural policies and practices We encourage scholars practitioners and students to engage with the content of this eBook and we hope it serves as an inspiration for future research and discussions

Smart Sustainable Development: Exploring Innovative Solutions and Sustainable Practices for a Resilient Future Terri-Ann Berry,Leopoldo Mendoza-Espinosa,Jo Burgess,Ferdinand Oswald,2025-06-17 United Nation s Sustainable Development Goals SDGs serve as a blueprint to address the world s most pressing challenges such as poverty inequality climate change and biodiversity loss Research plays a pivotal role in understanding these complex issues providing evidence based insights to guide policy formulation program development and implementation strategies Smart sustainable development refers to an innovative forward thinking and or technologically advanced approach that combines innovative solutions with sustainable practices to promote long term environmental social and economic well being This Research Topic has been created in collaboration with an international event comprising online and face to face opportunities to highlight practical solutions to sustainability in line with the United Nations SDGs This presents a unique opportunity for a wide range of sustainable practitioners from academia industry and communities to

present research works and projects with an innovation focus enabling international networking and knowledge sharing to support a more sustainable and inclusive future This Research Topic seeks to investigate both complete or ongoing projects introducing innovative solutions that are strongly aligned with the UN SDGs and have led to tangible outcomes with remarkable impact and benefit to sustainable development The key aspects contributing to smart sustainable development include technological integration environmental stewardship social equity economic prosperity resilient communities and infrastructure and collaboration and governance We welcome contribution from individual researchers academic groups and partnerships between academics and professionals Research focused on using innovation to bridge the gap between global aspirations and local realities taking into account diverse cultural social economic and environmental contexts is particularly welcome Topics can cover but are not limited to the following themes Smart technologies to further sustainable development including in built environment biotechnologies energy systems health care education transportations and emergency and disaster risk management Sustainable infrastructure including policies creative design and the implementation of new methods materials and approaches to the planning construction and use of sustainable buildings water and wastewater management stormwater design and solid waste management Digitalization and intelligence for the uptake of sustainable solutions including through smart energy systems mobility digital transformation and disruption resilience and disaster management and the growth of digital cities Community and healthcare solutions to benefit gender equality community development indigenous peoples and the preservation of local region and national cultural heritage in new ways Nature resource protection and management approaches including environmental conservation water sensitive design coastal erosion systems solutions and adaptation to climate change Sustainable agricultural initiatives to increase the uptake and use of new approaches and methods including ones which incorporate creative solutions to supporting natural ecosystems

Chatgpt Update Open Now Introduction

In the digital age, access to information has become easier than ever before. The ability to download Chatgpt Update Open Now has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Chatgpt Update Open Now has opened up a world of possibilities. Downloading Chatgpt Update Open Now provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Chatgpt Update Open Now has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Chatgpt Update Open Now. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Chatgpt Update Open Now. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Chatgpt Update Open Now, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Chatgpt Update Open Now has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Chatgpt Update Open Now Books

What is a Chatgpt Update Open Now PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Chatgpt Update Open Now PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Chatgpt Update Open Now PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Chatgpt Update Open Now PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Chatgpt Update Open Now PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
