Reading Randomised Controlled Trials Robert Savage,Amy Fox ,Anneka Dawson,Helen Gray,Clare Huxley,2025-03-03 In early 2021 22 the Flexible Phonics reading intervention a large scale randomised controlled trial took place in 118 schools in England and involved nearly 3 000 children This study aimed to provide valuable insights into the success of largely school based education trials The Flexible Phonics trial proved to be not only an important experiment in improving children s literacy but a case study in which the methodology of single randomised controlled trials in education can be considered Reading Randomised Controlled Trials investigates the complexities of conducting randomised controlled trials in the field of education and how they can be seen as a cultural activity The book emphasises the human operations decision making and actions that drive such trials which are often overlooked in published reports Through the case study of Flexible Phonics the book highlights the key differences between scaled educational trials and other types of trials such as pharmaceutical trials The additional focus on early childhood literacy is of significant educational importance particularly in the context of UK school partial closures in 2020 and 2021 during the Covid 19 pandemic Reading Randomised Controlled Trials is ultimately a unique resource on the implementation of randomised controlled trials in authentic school contexts and for the sustained improvement of practice in education

Helping Young Children Learn Language and Literacy: Birth through Kindergarten Carol Vukelich,James Christie,Billie Jean Enz,2024-06-03 Pre service and in service teachers get sound instructional strategies for teaching the language arts to young children from birth to kindergarten and enhancing their reading writing speaking and listening development in this unique book that places children at the center of all good language and literacy teaching This book is about teaching the language arts about facilitating young children s reading writing speaking and listening development In a very readable manner the book places children at the center of all good language and literacy teaching while focusing on four central themes that run throughout the book

- 1 The authors provide rich descriptions of two perspectives in children s language and early literacy learning emergent literacy and scientifically based reading research and equip early childhood teachers with the know how to use the instructional strategies supported by the research in both perspectives
- 2 The authors acknowledge and take into account the increasing diversity of our society and schools by providing numerous illustrations of how teachers can work effectively with diverse learners providing special features at the end of chapters that explain how to adapt instruction for English Language Learners and children with special needs and by providing information on the tools teachers can use to discover what each child knows and can do in order to build on that child s prior knowledge
- 3 The authors stress that assessment cannot be

separated from good teaching and they describe strategies that teachers can use to understand children's language and literacy knowledge in the context of specific learning and teaching events while also focusing on today's increasingly important accountability function of assessment and standardized testing instruments 4 The authors acknowledge the importance of the family in young children's language and literacy development and include descriptions of how early childhood teachers can connect with families and engage caregivers in their children's school or center Helping Young Children Learn Language and Literacy Carol Vukelich, James F. Christie, Billie Enz, 2002 As a resource book designed for teachers of preschool and kindergarten students the text provides classroom strategies case studies classroom management techniques and home school connections to facilitate teaching the language arts Strategies for the bilingual classrooms are also included **Educational Bulletin**, 1947 Language and Literacy Development in Early Childhood Robyn Ewing, Jon Callow, Kathleen Rushton, 2016-06-02 This book provides pre-service and practising teachers with an integrated approach to language and literacy learning in early childhood Written by leading academics in the field it explores how children learn to talk play using language become literate and make meaning from birth through to the pre-school years Emphasising the importance of imagination and the arts in language learning this book addresses a wide range of contemporary issues highlights the impact of diverse socioeconomic language and cultural backgrounds on young children's language and literacy development and shows how early childhood teachers can effectively partner with parents and caregivers to help children learn through and about language Case studies interviews reflective questions clear links to the Early Years Learning Framework and the Australian Curriculum and a rich array of practical and creative activities for use in early childhood environments help students connect theory and current research to practice **Literacy** David Wray, 2004 This four-volume collection reprints key debates about exactly what it means to be literate and how literacy can best be taught Rather than centering on the emotional reaction of mass media debates this set focuses on research findings into processes and pedagogy The themes covered include Literacy its nature and its teaching Reading processes and teaching Writing processes and teaching and New Literacies the impact of technologies Teachers Monographs, 1921 High Points in the Work of the High Schools of New York City New York (N.Y.). Ghana and is taught in schools from the primary level However with a blend of English and mother tongue instruction children are finding it significantly harder to grasp the basic skills As a result support from NGOs and teaching professionals have sought to find practical solutions through vis vis and reciprocal partnerships **The Elementary English Review** ,1927 Primary Education ,1897 **Course of Study, Public Schools, Mississippi** Mississippi.
