falling in recent years and recommends a solution to minimize this issue that leads to the substantial financial losses The
work evaluates the internal and external environment of the company and concludes that the company must adjust a new
strategy in order to compete efficiently in the industry It is recommended to focus only on the basics which brought success
in the 90s stock with the third party brands merger with another company or focus only on the food business which is
successful on the market The work draws attention to the fact that in the 90s the profits from the sales of clothing peaked
and topped 1 bn In 2008 there was an increase in the clothing sales and the profits peaked again 1 bn However after that
year the profit has been constantly falling Further investigations reveal that the drop of sales coincided with the appearance
of many businesses which produce similar goods at the same or lower price Moreover the visibility of growing competition
from the online angle of the industry and the fact that M S was a latecomer with introduction of the online store have
negatively influenced the performance of the firm in the clothing sector [Material Girl, Mystical World](#) Ruby
