Production Technology K. L. Narayana, 2010-08 Production Technology is meant For The students of B Tech in Mechanical Production and Manufacturing Engineering it deals with the fundamental concepts of Foundry Forming and Welding Technologies The book covers both theoretical and analytical concepts The analytical concepts are introduced beginning from the fundamentals for easy comprehension Several worked out examples review and objective type questions are provided at the end of each chapter More than 150 line sketches are included which are self explanatory and easy to reproduce in the examination The second edition consists of revision and enrichment of contents in chapters Fundamentals of metal casting molding and casting processes and welding processes A chapter new Foundry Mechanization is also Included

Engineering Workshop Practice | AICTE Prescribed Textbook - English A. K. Sarathe, 2021-11-01 Engineering Workshop Practice Manual is a common paper for the first year Diploma course in Engineering Technology Syllabus of this book is strictly aligned as per model curriculum of AICTE and academic content is amalgamated with the concept of outcome based education Engineering Workshop Practice manual covers five units First unit deals with the carpentry second unit is about fitting third unit focuses on welding fourth units discusses about sheet metal working and the fifth unit deals with electrical house wiring The manual comprises of total seventeen workshop practical from P1 to P17 and the same are arranged in hierarchical manner from simple to complex so that students should not only focus on completing the practical and getting the marks grades but will also be motivated to create useful products incorporating their creative and critical thinking as well Some salient features of the book | Content of the manual aligned with the mapping of Course Outcomes Programs Outcomes and practical outcomes | Relevant theory has been included at the beginning of each practical | The manual has been developed to ensure alignment with the Outcome Based Education philosophy and consisting of total seventeen workshop practical | Unit wise practical are arranged in hierarchical manner from simple to complex | Manual provides recent information and QR Code for E resources etc | Figures photographs and table are inserted to improve clarity of the content

Solar Water Heating Systems H.P. Garg, 2012-12-06 H P Garg Centre of Energy Studies Indian Institute of Technology Hauz Khas New Delhi 110 016 India Heating of water using solar energy is not new and by using a little science and technology in it the solar energy can be utilized more effectively and economically for heating the water both for domestic and industrial applications Solar Water Heaters are popular for the last three decades in countries like USA Australia Israel Japan India This is the only solar energy application which is commercially technic ally and economically viable and has been studied for more than 30 years in many countries Technical advances in solar water heating have been very rapid in the last 30 years These are becoming popular not only for domestic use but for large establishments like hostels hotels hospitals industries such as Textile Paper and Food Processing and even in heating of swimming pools in winter In few instances the cost of solar water heating systems may be higher than those operated by electricity gas or other fuel but over
