## **Who Killed Karkare:**

**Who Killed Karkare?** S. M. Mushrif, 2009 Political violence or terrorism by State as well as by non State actors has a long history in India The allegation that sections of and individual Indian Muslims indulged in terrorism surfaced for the first time with the ascent of the Hindutva forces in mid 1990s and became state policy with the BJP s coming to power at the Centre With even secular media joining the role as stenographers of security agencies this became an accepted fact so much so that common Indians and even many Muslims started believing in this false propaganda This book by a former senior police officer with a distinguished career that included unearthing the Telgi scam peeps behind the propaganda screen using material mostly in the public domain as well as his long police experience It comes out with some startling facts and analysis the first of its kind to expose the real actors behind the so called Islamic terrorism in India whose greatest feat was to murder the Maharashtra ATS chief Hemant Karkare who dared to expose these forces and paid with his life for his courage and commitment to truth While unearthing the conspiracy behind the murder of Karkare this book takes a hard look at some of the major incidents attributed to Islamic terrorism in India and finds them baseless *The Men Who Killed Gandhi* Manohar Malgonkar, Pramod Kapoor, 2008-01-01 *The Men Who Killed Gandhi* by Manohar Malgonkar takes readers back into the pages of Indian history during the time of the partition featuring the murder plot and assassination of Mahatma Gandhi *The Men Who Killed Gandhi* is a spellbinding non fictional recreation of the events which led to India s partition the eventual assassination of Gandhi and the prosecution of those who were involved in Gandhi s murder This historical reenactment is set against the tumultuous backdrop of the British Raj Malgonkar s book is a result of painstaking research and from also having privileged access to many important documents and photographs related to the assassination There is no doubt that Mahatma Gandhi played a leading role in obtaining independence from the British But the problems that ensued afterwards such as the structural rebuilding of the country and the Partition led to many riots massive migrations and deep racial and cultural divides Not everyone agreed with Gandhi and his ideals As a result a plot to assassinate Gandhi was devised by six individuals named Narayan Apte Gopal Godse Madanlal Pahwa Digambar Badge and Nathuram Godse This was eventually carried out in New Delhi on the 30th of January 1948 Eventually these six individuals were tried and convicted Four of them received life sentences while two of them received the death penalty The first publication of *The Men Who Killed Gandhi* occurred in 1978 during the Emergency years As a result Malgonkar omitted many vital facts including Dr Ambedkar s role in minimizing Savarkar s criminal conviction This 11th edition of the text contains these omitted facts as well as rare documents and photographs obtained from National Archives After the four individuals who were convicted for Gandhi s murder completed their life sentences they were interviewed by Malgonkar These individuals revealed many details to him which were never known before The author also received access to the Kapur Commission from his friend Mr Nayar who was in the Indian Police Service As a result *The Men Who Killed Gandhi* is considered the most historically accurate account of

Gandhi's assassination plot      *The Great Indian Conspiracy* Dr. Praveen Tiwari, 2019-03-18 Saffron terrorism Is it a fact Or is this a myth After all do we know enough The shocking blasts of Malegaon and Samjhauta were projected as saffron terrorism A new theory terrorist attacks were tainted as such till a few years later Kasab's confession offered solid proof of Pakistan's role in the 26/11 attacks Though the police had concluded a Pakistani hand for the earlier blasts it was saffron terrorism which prevented the perpetrators of these attacks from being brought to justice As a theory saffron terrorism is not just hurting Hindus sentiments but is also an obstacle to fight real terrorism sponsored by Pakistan and Islamic states The term was coined by the erstwhile UPA government to garner minority votes and manipulate the vote bank After all why were the Malegaon accused SIMI activists let off Why did certain politicians declare not to oppose their bail What was truly behind Aseem's confession The reliability of these confessions was questionable given the police brutality that the National Investigative Agency exposed Journalist Praveen Tiwari explores saffron terrorism and reveals through exclusive interviews of senior National Investigative Agency officials undercover agents and politicians how vote bank politics can compromise ethics and national security Should the real masterminds behind the blasts be allowed to go scot free Should the manipulators of the Samjhauta Express bombings not be held accountable Should we not investigate those who had exonerated Pakistan of its guilt An extensive research on communal politics the book offers indisputable evidence of the saffron terrorism theory as the Great Indian Conspiracy      **Know the Anti-Nationals** RSN Singh, 2021-02-04 We live in an era of nation states Nationhood is predicated on shared sense of past and a common purpose of future More than nation state India is a civilization a complete civilization To keep this civilization fresh and vibrant winds from all directions are imperative for its nourishment But winds cannot be allowed to build into destructive storms that threaten to uproot the civilization the very basis of nationhood Jihadism and Maoism are the two main destructive storms Fueling these storms are India's enemies as well as the forces of proselytization They have to be crushed both at ideological and physical levels We have been squeamish in dealing with the problems because of the misplaced notion that all ideologies are basically benign and beneficial they are not 73 years of our post independence experience is testimony This misplaced notion has caused at least a lakh lives in Kashmir alone resulting in ethnic cleansing of Hindus from the Valley by the jihadists Sardar Patel did crush the communist revolt in Telangana but in the following years due to subversion of our political class it grew into the Red Corridor i.e. from Tirupati to Pashupati These forces have to be vanquished to secure the internal or the third front This book Know the Anti Nationals exposes these enemies within      **Fabricating Homeland Security** Rhys Machold, 2024-09-24 Homeland security is rarely just a matter of the homeland it involves the circulation and multiplication of policing practices across borders Though the term homeland security is closely associated with the United States Israel is credited with first developing this all encompassing approach to domestic surveillance and territorial control Today it is a central node in the sprawling global homeland security industry worth hundreds of billions of dollars And in the wake of the 2008 Mumbai

terrorist attacks India emerged as a major growth market Known as India s 9 11 or simply 26 11 the attacks sparked significant public pressure to adopt modern homeland security approaches Since 2008 India has become not only the single largest buyer of Israeli conventional weapons but also a range of other surveillance technology police training and security expertise Pairing insights from science and technology studies with those from decolonial and postcolonial theory Fabricating Homeland Security traces 26 11 s political and policy fallout concentrating on the efforts of Israel s homeland security industry to advise and equip Indian city and state governments Through a focus on the often unseen and overlooked political struggles at work in the making of homeland security Rhys Machold details how homeland security is a universalizing project which seeks to remake the world in its image and tells the story of how claims to global authority are fabricated and put to work

*Poles Apart* Aditya Sondhi,2024-07-24 Is there a predominant reason why India is not Pakistan Many would likely point to the omnipresence of the military in the polity of the latter While the interventionist attitude of the army in Pakistan easily explains the democratic shortfall in its history the mirror opposite in India is rarely studied or credited *Poles Apart* is a unique and original investigation of the comparative roles of the military to study their influences on the growth of democracy in the two nations The book highlights the divisive outcomes of military coups on Pakistan s democratic trajectory while also closely analysing potential scenarios in India when the army could have gone astray but chose to stay apolitical Disgrace at the hands of China in 1962 the Emergency and Operation Blue Star among others make for fascinating case studies of how the army was treated shabbily but still remained politically disinclined On the other hand the overarching presence of Field Marshal Ayub Khan General Yahya Khan General Zia ul Haq and General Pervez Musharraf in the Pakistani political space represent a very different set of choices and interventions A crisp chapter on Bangladesh and its experiments with democracy and martial rule rounds off the deeply researched study

26/11 Mumbai Attacked Harinder Baweja,2009 Bringing together the careful research and analyses of renowned journalists and police officials 26 11 Mumbai Attacked explicates the reality behind the brazen attack on India s sovereignty in November 2008 when ten heavily armed terrorists held an entire city to ransom by the sheer force of their zealotry The scene by scene accounts incisive analyses and an exclusive interview with a LeT representative along with a description of its training camp in Muridke Pakistan reveal how the failure of Indian intelligence agencies landed Mumbai in the quagmire of terrorism Paying homage to the brave security officers who lost their lives fighting the terrorists 26 11 Mumbai Attacked reiterates the chilling reality that India is under grave threat and the clock is ticking before the next big attack
