The premise of Yoga is simple. There is an outer reality and an inner one and our nervous system is the doorway between them. Effective Yoga practices stimulate and open that doorway. The result: Peace, creativity, happiness and a steady rise of ecstatic bliss radiating from within us. Advanced Yoga Practices AYP brings together the most effective methods of Yoga in a flexible integrated system that anyone can use. Instructions are given in plain English for deep meditation, spinal breathing, pranayama, bodily manipulations, asanas, mudras and bandhas, tantric sexual practices and other methods that are systematically applied to swing open the door of our nervous system to permanent higher experience. This is a non-sectarian approach that is compatible with any belief system or religious background. There are over 240 easy-to-follow lessons here including many hands-on questions and answers between Yoga practitioners and the author. Whether you are a beginner or a veteran in Yoga, the AYP lessons can serve as a useful resource as you travel along your chosen path. What readers are saying about the AYP lessons: I searched for years to find a method of meditation that I can do. This is doable. AN I've learned more about yoga in 4 months than in the previous 30 years of study. SL This is a very valuable inspiration for people taking up and maintaining meditation. DB Spinal breathing pranayama makes me feel so ecstatic. I want to do it all the time. YM After my first meditation session I never felt so relaxed. You made me a believer. JF You make everything seem so simple yet the practices are profound and dynamic. SS I wish I had this kind of information when I started some 15 years back. AD I love the way you explain everything. So simple, logical and so safe. RY These are the best lessons I have read on yoga anywhere. RD Additional reader feedback is included in the last section of the book.
