Travel log in Western USA by Safari Condo Robert Rooke,2014-05-01 This immense territory that would take many days to cross had become a promise of surprises and wonders for us together with the astonishing diversity of the countryside and climate We deliberately chose to make it a trip to explore nature and not to travel conventionally We opted to visit canyons trees lakes and places where nature displays its beauty and its strangeness We wanted to see sights that nature generously promises us like the burning deserts of Arizona the striking sculptures of the different canyons in Colorado the rugged Pacific Ocean coast in California and Oregon And finally the American National Parks as well as the parks of the different States promised us numerous possible excursions That is what we have realized during this voyage and that we simply offer you with our best pictures Bon voyage

Chuck Palahniuk and the Comic Grotesque David McCracken,2020-10-30 With the success of *Fight Club* his novel turned movie Chuck Palahniuk has become noticed for accurately capturing the exploitation of power in America in the 21st century With cynicism and skepticism he satirizes the manipulative aspects of ideologies and beliefs pushing society's understanding of the norm In this work Palahniuk's characters are analyzed as people who rebel against the systems in control Mikhail Bakhtin's theory is applied to explain Palahniuk's application of the comic grotesque theories from Louis Althusser and Slavoj Žižek help reveal aspects of ideology in Palahniuk's writing
