

The United States of America

The United States of America is a country in North America. It is made up of 50 states. The capital of the United States is Washington D.C. The United States is a big country with many different types of landscapes, like mountains, forests, deserts, and beaches. The United States is also home to many different types of animals, like bears, eagles, and alligators.

The United States has a lot of history. The first people who lived in the United States were Native Americans. Later, people from Europe came to the United States and started colonies. The United States became an independent country in 1776. The first president of the United States was George Washington.

The United States is known for its culture, too. There are many different types of music that came from the United States, like jazz, blues, and rock and roll. The United States is also known for its food, like hamburgers, hot dogs, and apple pie. Every year, people from all over the world come to the United States to visit famous landmarks, like the Statue of Liberty, the Grand Canyon, and Disneyland.

1. Where is the United States located?

2. How many states are there in the United States?

Reading Comprehension in 20 Minutes a Day Elizabeth L. Chesla,Elizabeth Chesia,1996 **Reading Literacy in
the United States** Marilyn R. Binkley,Trevor Williams,1996 Using data from the 1991 IEA International Association for the
Evaluation of Educational Achievement Reading Literacy Study a study compared United States fourth and ninth grade
students to students in 32 other countries examined relationships between reading comprehension and aspects of family
schooling and community and investigated the nature of reading instruction in American classrooms National samples of
classes at the grade level containing the most 9 year olds and 14 year olds were used A world average was constructed of the
18 participating nations that are also members of the Organization for Economic Cooperation and Development OECD
Results indicated that 1 American fourth graders outperformed students from all other countries except Finland 2 American
ninth graders performance was closely grouped with that of students from 15 other nations 3 in the United States White
students read better than Black and Hispanic students 4 most groups of American students outperformed the OECD average
5 students whose parents did not finish high school read at about the same level as the OECD average at fourth grade but fell
below the average in the ninth grade 6 when differences in wealth race ethnicity level of parental education and other
related attributes were taken into account children from one parent mother only families did as well as children from two
parent families 7 parents educational attainment influenced reading comprehension over and above other aspects of family
background 8 what teachers said they believed about reading instruction differed markedly from what they actually did and
had students do Contains 70 references 43 notes 4 exhibits 3 tables and 29 figures of data RS *The Peoples Tutor, U. S.
