Sleeping Giant Tamara Draut, 2018-04-17 REVISED AND UPDATED WITH A NEW PREFACE Today's working class is a sleeping giant. And as Tamara Draut makes abundantly clear, it is just now waking up to its untapped political power. *Sleeping Giant* is the first major examination of the new working class and the role it will play in our economic and political future. Blending moving individual narratives, historical background, and sophisticated analysis, Draut forcefully argues that this newly energized class is far along in the process of changing America for the better. Draut examines the legacy of exclusion based on race and gender that contributes to the invisibility of the new working class despite their entwinement in everyone's day-to-day life. No longer confined to the assembly line, today's working class watches our children and cares for our parents. They park our cars, screen our luggage, clean our offices, and cook and serve our meals. They are us. With Fight for 15 minimum wage protests popping up throughout the country and in some places winning, and economic inequality being recognized as one of the defining issues of our time, today's working class will soon become impossible to ignore, and foolish to dismiss. *Sleeping Giant* is the first book to tell the story of this extraordinary transformation in full and inspiring detail.

The Insecure American Hugh Gusterson, Catherine Besteman, 2009-11-24 Americans are feeling insecure. They are retreating to gated communities in record numbers, fearing for their jobs and their 401(k)s, nervous about their health insurance and their debt levels, worrying about terrorist attacks and immigrants. In this innovative volume, editors Hugh Gusterson and Catherine Besteman gather essays from nineteen leading ethnographers to create a unique portrait of an anxious country and to furnish valuable insights into the nation's possible future. With an incisive foreword by Barbara Ehrenreich, the contributors draw on their deep knowledge of different facets of American life to map the impact of the new economy, the war on terror, the war on drugs, racial resentments, a fraying safety net, undocumented immigration, a health care system in crisis, and much more. In laying out a range of views on the forces that unsettle us, *The Insecure American* demonstrates the singular power of an anthropological perspective for grasping the impact of corporate profit on democratic life, charting the links between policy and vulnerability, and envisioning alternatives to life as an insecure American. **Mr.**

Archer, U. S. A. Herman Archer, Rutherford Hayes Platt, 1924 *The Rotarian*, 2000-07 Established in 1911, *The Rotarian* is the official magazine of Rotary International and is circulated worldwide. audiences and critics alike, the films of Oliver Stone have compelled many viewers to re-examine some of their most revered beliefs about America's past. Writers including David Halberstam, Stephen Ambrose, Arthur Schlesinger Jr.,

Walter LaFeber and Robert Rosenstone critique Stone's most contested films to show how they may distort amplify or transcend the historical realities they appear to depict
