The Third Reich David Welch, 2008-01-28 Published in the year 1994 *The Third Reich* is a valuable contribution to the field of History

Hitler's Last Hostages Mary M. Lane, 2019-09-10 Adolf Hitler's obsession with art not only fueled his vision of a purified Nazi state it was the core of his fascist ideology Its aftermath lives on to this day Nazism ascended by brute force and by cultural tyranny Weimar Germany was a society in turmoil and Hitler's rise was achieved not only by harnessing the military but also by restricting artistic expression Hitler an artist himself promised the dejected citizens of postwar Germany a purified Reich purged of degenerate influences When Hitler came to power in 1933 he removed so called degenerate art from German society and promoted artists whom he considered the embodiment of the Aryan ideal Artists who had produced challenging and provocative work fled the country Curators and art dealers organized their stock Thousands of great artworks disappeared and only a fraction of them were rediscovered after World War II In 2013 the German government confiscated roughly 1 300 works by Henri Matisse George Grosz Claude Monet and other masters from the apartment of Cornelius Gurlitt the reclusive son of one of Hitler's primary art dealers For two years the government kept the discovery a secret In *Hitler's Last Hostages* Mary M Lane reveals the fate of those works and tells the definitive story of art in the Third Reich and Germany's ongoing struggle to right the wrongs of the past

Goebbels Peter Longerich, 2015-05-05 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE TELEGRAPH From renowned German Holocaust historian Peter Longerich comes the definitive one volume biography of Adolf Hitler's malevolent minister of propaganda In life and in the grisly manner of his death Joseph Goebbels was one of Adolf Hitler's most loyal acolytes By the end no one in the Berlin bunker was closer to the Führer than his devoted Reich minister for public enlightenment and propaganda But how did this clubfooted son of a factory worker rise from obscurity to become Hitler's most trusted lieutenant and personally anointed successor In this ground breaking biography Peter Longerich sifts through the historical record and thirty thousand pages of Goebbels's own diary entries to provide the answer to that question Longerich the first historian to make use of the Goebbels diaries in a biographical work engages and challenges the self serving portrait the propaganda chief left behind Spanning thirty years the diaries paint a chilling picture of a man driven by a narcissistic desire for recognition who found the personal affirmation he craved within the virulently racist National Socialist movement Delving into the mind of his subject Longerich reveals how Goebbels's lifelong search for a charismatic father figure inexorably led him to Hitler to whom he ascribed almost godlike powers This comprehensive biography documents Goebbels's ascent through the ranks of the Nazi Party where he became a member of the Führer's inner circle and launched a brutal campaign of anti Semitic propaganda Though endowed with near dictatorial control of the media film radio press and the fine arts Longerich's *Goebbels* is a man dogged by insecurities and beset by bureaucratic infighting He feuds with his bitter rivals Hermann Göring and Alfred Rosenberg unsuccessfully advocates for a more radical line of total war and is thwarted in his attempt to pursue a separate peace with the Allies during the waning days of World War II This book also reveals as never

before Goebbels's twisted personal life his mawkish sentimentality manipulative nature and voracious sexual appetite A harrowing look at the life of one of history's greatest monsters Goebbels delivers fresh insight into how the Nazi message of hate was conceived nurtured and disseminated This complete portrait of the man behind that message is sure to become a standard for historians and students of the Holocaust for decades to come Praise for Goebbels Peter Longerich has delved into rarely accessed material from his subject's diaries which span thirty years to paint a remarkable portrait of the man who became one of Hitler's most trusted lieutenants The Daily Telegraph Praise for Heinrich Himmler There have been several studies of this enigmatic man but Peter Longerich's massive biography grounded in exhaustive study of the primary sources is now the standard work and must stand alongside Ian Kershaw's Hitler Ulrich Herbert's Best and Robert Gerwarth's Hitler's Hangman The Life of Heydrich as one of the landmark Nazi biographies As the author of a celebrated study of the Holocaust Longerich is better able than his predecessors to situate Himmler within the vast machinery of genocide And he brings to his task a gift for capturing those mannerisms that are the intimate markers of personality London Review of Books An excellent and comprehensive biography The New York Review of Books **Charlie Chaplin and the Nazis** Norbert Aping, 2023-12-15 Until recently it was assumed that the Nazis agitated against Chaplin from 1931 to 1933 and then again from 1938 when his plan to make The Great Dictator became public This book demonstrates that Nazi agitation against Chaplin was in fact a constant from 1926 through the Third Reich When The Gold Rush was released in the Weimar Republic in 1926 the Nazis began to fight Chaplin whom they alleged to be Jewish and attempted to expose him as an intellectual property thief whose fame had faded In early 1935 the film The Gold Rush was explicitly banned from German theaters In 1936 the NSDAP Main Archives opened its own file on Chaplin and the same year he became entangled in the machinery of Nazi press control German diplomats were active on a variety of international levels to create a mood against The Great Dictator The Nazis dehumanizing attacks continued until 1944 when an opportunity to capitalize on the Joan Barry scandal arose This book paints a complicated picture of how the Nazis battled Chaplin as one of their most reviled foreign artists

War and Semiotics Frank Jacob, 2020-12-28 Wars create their own dynamics especially with regard to images and language The semiotic and semantic codes are redefined according to the need to create an enemy image or in reference to the results of a war that are post event defined as just or reasonable The semiotic systems of wars are central to the discussion of the contributions within this volume which highlight the interrelationship of semiotic systems and their constructions during wars in different periods of history *Propaganda Goebbels. Paul Joseph Goebbels. Biography, photo, personal life* Max Klim, 2018-01-12 The more monstrous the lie the more willing the crowd believes in it said the ideologist of fascism and the faithful companion and companion of Hitler the propaganda minister Joseph Goebbels **Joseph Goebbels** T. The Third Reich, 1933-1945 Louis Leo Snyder, 1987 An annotated bibliography of books and articles published during the 1930s 80s 850 items mostly English See especially section 12 pp 221 246 Anti Semitism and the Holocaust containing 83 items

Our Hitler Joseph Goebbels, Frances Dupont, 2014-09-18 Every year on April 20th from 1933 to 1945 only missing one year 1934 National Socialist Germany's Minister of Information Joseph Goebbels gave a speech on the occasion of Adolf Hitler's birthday These speeches all published in the newspaper the Volkischer Beobachter and all but the first and last broadcast on German radio were originally designed to pay homage to Hitler on a personal level on his birthday However it quickly became a way for Goebbels to philosophically interpret the events of the previous year in the light of German loyalty to the Führer The first few years speeches taken up with the peaceful reconstruction of Germany and the acquisition of the Rhineland Austria and the Sudetenland were distinctly different from those of the war years as the reader will see Goebbels dealt with the initial German victories and later defeats honestly and objectively in these speeches and for large numbers of Germans they quickly became an annual barometer of how the country's top leadership viewed the direction of the war These speeches here translated into English annotated and presented as one volume for the first time provide a fascinating insight into the psychology of the Hitler phenomenon as seen through the eyes of the Third Reich's most gifted propagandist

The Third Reich Earle Rice, 2000 Describes the rise and fall of Nazi Germany and explores the philosophical economic and military principles on which it was based

Goebbels David John Cawdell Irving, 1996 Height only five foot four a figure of Ghandi like emaciation barely tipping the scales at one hundred pounds a head too large for his body a clubfoot for which he was taunted as both man and boy all the cards seemed stacked against him Goebbels blamed the world at large he hated the human race and he boasted of his hatred in his secret diaries Historian David Irving is the first to make use of the entire 80 000 pages of the Goebbels diaries diaries that lay unrecognized for fifty years in the Red Army's Trophy archives in Moscow From this extraordinary trove to which Irving has added six years research into the archives of the Western World he has written the first full scale biography of Adolf Hitler's confidant and evil genius Dr Joseph Goebbels Here for the first time are Goebbels's secret unpublished writings on the Reichstag Fire the Night of the Long Knives the Dollfuss murder the Saar plebiscite the invasion of Prague Pearl Harbor and scores of other turning points in modern history Dr Goebbels faithfully records Hitler's innermost councils documenting the hidden methods and strategies of Nazi leadership

Magda Goebbels Hans Otto Meissner, 1980

Hitler's Northern War Adam R. A. Claasen, 2001 Adolf Hitler had high hopes for his conquest of Norway which held both great symbolic and great strategic value for the Führer Despite early successes however his ambitious northern campaign foundered and ultimately failed Adam Claasen for the first time reveals the full story of this neglected episode and shows how it helped doom the Third Reich to defeat Hitler and Raeder the chief of the German navy were determined to take and keep Norway By doing so they hoped to preempt Allied attempts to outflank Germany protect

sea lanes for German ships access precious Scandinavian minerals for war production and provide a launchpad for Luftwaffe and naval operations against Great Britain Beyond those strategic objectives Hitler also envisioned Norway as part of a pan Nordic stronghold a centerpiece of his new world order But as Claasen shows Hitler s grand expectations were never realized Gring s Luftwaffe was the vital spearhead in the invasion of Norway which marked a number of wartime firsts Among other things it involved the first large scale aerial operations over sea rather than land the first time operational objectives and logistical needs were fulfilled by air power and the first deployment of paratroopers Although it got off to a promising start the German effort particularly against British and arctic convoys was greatly hampered by flawed strategic thinking interservice rivalries between the Luftwaffe and navy the failure to develop a long range heavy bomber the diversion of planes and personnel to shore up the German war effort elsewhere and the northern theater s harsh climate and terrain Claasen s study covers every aspect of this ill fated campaign from the 1940 invasion until war s end and shows how it was eventually relegated to a backwater status as Germany fought to survive in an increasingly unwinnable war His compelling account sharpens our picture of the German air force and widens our understanding of the Third Reich s way of war
