Institution Architecture: Building the Avant-Garde Lina Stergiou,2025-12-19 Institution Architecture Building the Avant Garde takes a terminological sociological and semiological approach that develops by tracing the avant garde in a century span of literatures for a textual analysis unpacking the text and in a process analysis interpreting it The sources consist of 825 well known globally influential European including Russian architectural literatures of the extended 1920s and of Anglo Saxon literatures of the extended 1960s to the 2010s The book traces the connotations that the term avant garde acquired in them and shows the different notions under the avant garde signifier directing attention to the term s early twentieth century roots and modes its 1960s rising usage modes and function and its post 1960s to 2010s developments It sheds light on the sociological topography of the avant garde and through the writings on the ways in which the term and avant gardism connected the actors agencies and mediators therein on the terms techniques and modes indicating the reasons for its heretofore limited systematic inquiry The book aims at unravelling a century old avant garde mystic function for unlocking horizontal plural and transparent conversations about interdisciplinary futures of architecture cross disciplinary dialogues and liberatory dynamics The book will therefore be relevant to scholars and researchers interested in the avant garde in architecture and the avant garde as a transdisciplinary subject
