**PSpice Simulation of Power Electronics Circuits** E. Ramshaw, D.C. Schuurman, 1996-12-31 This book is aimed at advanced students and practising engineers It provides step by step instructions in the use of MicroSim PSpice industry standard software that simulates power electronics circuits Computer aided simulation is recognised as the most efficient method of power electronics circuit performance analysis and is widely used in the industrial marketplace This book presents a clear and concise guide to one of the most popular software packages The theory is backed up by drills and exercises throughout building up practical experience in MicroSim PSpice The book is intended for use alongside a PC and a free evaluation version of MicroSim PSpice will be supplied on application to Microsim Corporation Alternatively the author's site on the Internet can be accessed at the Internet and the software can be downloaded along with free circuit files library files and zipped solutions to exercises

**PSpice Power Electronic and Power Circuit Simulation** Stephen Philip Tubbs, 2008-01-01 This book shows how to use PSpice to quickly analyze common industrial power electronic and power circuits It would be most useful to an electrical engineer The book begins with a brief review of PSpice with DC AC and transient analyses of simple circuits It follows with examples that solve typical industrial circuit problems One of the examples predicts the waveform of the electrical noise that would be transmitted through an inductor In that example PSpice would help the engineer properly size a filtering inductor This can be important if the inductor is large or a custom item Other examples find steady state and transient solutions for unbalanced three phase faults PSpice's Probe program is used to make realistic output traces of transient analysis voltages currents and powers All of the book's examples are done with the free Demo Release 16.0 version of PSpice Sources for obtaining free Demo copies of PSpice and other Spice programs are provided
