Capitalism, Coronavirus and War Radhika Desai, 2022-12-09

Capitalism Coronavirus and War investigates the decay of neoliberal financialised capitalism as revealed in the crisis the novel coronavirus triggered but did not cause a crisis that has been deepened by the conflict over Ukraine and its repercussions across the globe Leading domestically to economic and political breakdown the pandemic accelerated the decline of the US led capitalist world s imperial power intensifying the tendency to lash out with aggression and militarism as seen in the US led West s New Cold War against

China and the proxy war against Russia over Ukraine The geopolitical economy of the decay and crisis of this form of capitalism suggests that the struggle with socialism that has long shaped the fate of capitalism has reached a tipping point The author argues that mainstream and even many progressive forces take capitalism s longevity for granted misunderstand its historical dynamics and deny its formative bond with imperialism Only a theoretically and historically accurate account of capitalism s dynamics and historical trajectory which this book provides can explain its current failures and predicament It also reveals why though the pandemic by revealing capitalism s obscene inequality and shocking debility prompted the most serious critiques of capitalism to emerge in decades hopes of building back better were so quickly dashed This book sheds searching light on the dominant narratives that have normalised the neoliberal financialised capitalism and the dollar creditocracy dominating the world economy with even critics unable to link capitalism s neoliberal turn to its financialisations historical decay productive debility and international decline It contends that only by appreciating the seriousness of the crisis and rectifying our understanding of capitalism can progressive forces thwart a future of chaos and or authoritarianism and begin the long task of building socialism This book will be of great interest to students scholars and researchers of international relations international political economy comparative politics and global political sociology The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license Thanks to the support of libraries working with Knowledge Unlatched www.knowledgeunlatched.org

Good Housekeeping, 2007 [La trappola identitaria](#) Yascha Mounk, 2024-09-17T00:00:00+02:00 Negli ultimi decenni una sana coscienza delle diseguaglianze che affliggono le società occidentali si trasformata in una faglia sempre pi profonda tra culture e gruppi diversi Davanti alle ingiustizie di razzismo sessismo omofobia un ideologia separatista si affermata negli Stati Uniti e sta iniziando a fare pericolosamente approdo in Europa Questa ideologia pone al centro della vita sociale e culturale una matrice identitaria soffocante che non permette vie di fuga Yascha Mounk il politologo che aveva gi avvertito il mondo dei rischi del populismo di destra si propone ora di avvertirci di una minaccia che questa volta viene dagli ambienti progressisti Tracciando le origini di quella che chiama la sintesi identitaria Mounk attraversa gli ultimi decenni di storia intellettuale l affermarsi di una corrente di pensiero per lungo tempo marginale la sua conquista delle università dei media e poi del mondo del lavoro con l ingresso di una nuova

generazione di lavoratori cresciuti con il mito dell'identità. Anche se con buone intenzioni per il desiderio di rettificare ingiustizie secolari i progressisti che insistono sulle questioni identitarie rischiano di nutrire proprio la destra contro cui lottano una trappola che ci allontana sempre più dagli ideali egualitari a cui si ispirano. Spaziando tra storia intellettuale politica e filosofia. La trappola identitaria: un appello appassionato per il ritorno a ideali universali veri portatori di uguaglianza.
