BELIEVE PERFORM

 @BELIEVEPHQ

## ACTIVITY

Think about ways you can be active or exercise in the morning. This can help boost mood and reduce stress.

## SLOW DOWN

Slow down and give yourself plenty of time to get ready for your time. Take 5 minutes when you wake up to calm your mind and body.

## BREAKFAST

Start your day with a well balanced meal to help boost energy. Try not to miss this important meal.

## BREATHE

Whether it is lying on your bed or closing your eyes on the train/bus journey to work, deep breathing can provide you with a sense of calm.

## IMAGERY

Take 5 minutes to close your eyes and imagine yourself performing well throughout your day.

## GRATITUDE

Take a moment to appreciate everything you are grateful for.

## POSITIVITY

Schedule activities into your day that will provide you with a sense of connectedness, pleasure and achievement.

## READINESS

Get ready for your day by thinking about what demands you will be facing and what physical, mental and social resources you need available to cope.

## REFLECTION

Take a moment to check in with yourself and monitor how you are feeling in your mind and body.

## STRENGTHS

Take 5 minutes to note down your top 3 strengths and think about how you can put them into action throughout your day.

**Mental Health Care in Paramedic Practice** Ursula Rolfe, David Partlow, 2022-04-27 Mental health conditions are becoming more prevalent in today's society, and it has been estimated that 1 in 4 people in the UK will experience a mental health issue at some point in their lives. The increase in mental health complaints has also affected the volume of calls to 999 in which paramedics are regularly called to address patients' mental health concerns. The complexities and nuances within mental health means that many paramedics feel underprepared when managing patients who are experiencing mental distress. *Mental Health Care in Paramedic Practice* is the first guide written specifically for paramedics to support them in understanding a range of different mental health conditions which they may come across during their practice. Not only does the book provide key information on recognising and managing a range of conditions, but it also includes case studies written by paramedics with first-hand experience of managing mental health calls. It also includes a section on legislative changes and policy descriptions, as well as interprofessional working. This book is essential for anyone wanting to better understand how to care for patients with mental health concerns within the prehospital setting, including both experienced and aspiring paramedics.
