**Podcasting** Jeremy Wade Morris, 2024-05-31 Podcasting burst onto the media landscape in the early 2000s At the time there were hopes it might usher in a new wave of amateur and professional cultural production and represent an alternate model for how to produce share circulate and experience new voices and perspectives Twenty years later podcasting is at a critical juncture in its relatively young history a moment where the early ideals of open standards and platform neutral distribution are giving way to services that prioritize lean back listening and monetizable media experiences This book provides an accessible and comprehensive account of one of digital media s most vibrant formats Focusing on the historical

changes shaping podcasts as a media format the book explores the industrial technological and cultural components of podcasting alongside case studies of various podcasts industry publications and streaming audio platforms e g Spotify Google and Apple Podcasts Jeremy Wade Morris argues that as streaming platforms push to make podcasting more industrialized accessible user friendly and similar to other audio media like music or audiobooks they threaten podcasting s early though always unrealized promises This is the go to introduction for students and researchers of media communication and cultural studies as well as readers who enjoy making and listening to podcasts

*Settler Colonialism is the Disaster* Cassandra Shepard,2026-01-06 Rebuilding efforts in the aftermath of Hurricane Katrina and during the COVID 19 pandemic unleashed perpetual disaster on New Orleans Black and Indigenous communities Neoliberalism masked by the auspices of repair progress and inclusion reinforced the plight of the urban poor while exacerbating the racial and class inequalities that existed before the storm Cassandra Shepard s analysis draws on ideas of settler colonialism to chart how depriving Black and Indigenous people of critical resources intensified the harm violence and death inherent in systems of colonization As Shepard shows the rhetoric of improvement allows coloniality to masquerade as rebuilding while white elites consolidate

power profit and privilege Displaced and disenfranchised people of color meanwhile experience the impact of racial disaster capitalism with the chaos surrounding Katrina and COVID 19 obscuring the for profit economic political and social exploitation of non white New Orleanians Ambitious and provocative Settler Colonialism is the Disaster refutes the myth of New Orleans presumptive revival by shining new light on the ongoing colonization project at its heart

The Four Competitive Business Drivers Jorge Sá, Magda Pereira, 2026-01-13 Sometimes management books achieve a clear cut distinction between strategy and tactics Seldom they include the business model as a third competitiveness driver And never so far has the theory of business been considered as a fourth required performance vector different from all other three However organizational optimization requires all four the why where what and how The theory of business Drucker is the why the company makes sense The reality assumptions the organization is grounded upon What it is paid for The business model Porter is the what the basic pillars of a firm s organization How it transforms client satisfaction into value for itself Strategy Joffre is the where the choice of 1 geographical areas 2 industries and 3 within them of segments And tactics is the how respecting to the nine functional areas from marketing Kotler to human resources to how to advertise how to motivate etc Four inferences follow All four drivers are necessary conditions none sufficient They interrelate some impacting on others They must fit reinforcing each other and They should be periodically reviewed under a sequence of steps This is illustrated by the book s detailed examples of e g Nike Dollar Shave Club Spotify SpaceX Vend me

Sears IBM Apple Music McDonald s Marks Spencer Canva SolarCity Farfetch etc The fundamental message is that neglect of any of the four drivers brings efficiency doing things right the Phronesis of Aristotle at the cost of lower effectiveness doing the right things the Chokhmah of Solomon With more and more resources producing less and less underperformance will follow
