Riley, 2011-03-04 This book constitutes the refereed proceedings of the 12th International Conference on Passive and Active Measurement PAM 2011 held in Atlanta GA USA in March 2011 The 24 revised full papers presented were carefully reviewed and selected from 56 submissions The papers were arranged into seven sessions covering passive measurement wireless models bandwidth automated bots route avoidance interdomain protocols timing and diagnosis

*Netflix Nations* Ramon Lobato, 2019-01-08 How streaming services and internet distribution have transformed global television culture Television once a broadcast medium now also travels through our telephone lines fiber optic cables and wireless networks It is delivered to viewers via apps screens large and small and media players of all kinds In this unfamiliar environment new global giants of television distribution are emerging including Netflix the world's largest subscription video on demand service Combining media industry analysis with cultural theory Ramon Lobato explores the political and policy tensions at the heart of the digital distribution revolution tracing their longer history through our evolving understanding of media globalization Netflix Nations considers the ways that subscription video on demand services but most of all Netflix have irrevocably changed the circulation of media content It tells the story of how a global video portal interacts with national audiences markets and institutions and what this means for how we understand global media in the internet age Netflix Nations addresses a fundamental tension in the digital media landscape the clash between the internet's capacity for global distribution and the territorial nature of media trade taste and regulation The book also explores the failures and frictions of video on demand as experienced by audiences The actual experience of using video platforms is full of subtle reminders of market boundaries and exclusions platforms are geo blocked for out of region users this video is not available in your region catalogs shrink and expand from country to country prices appear in different currencies and subtitles and captions are not available in local languages These conditions offer rich insight for understanding the actual geographies of digital media distribution Contrary to popular belief the story of Netflix is not just an American one From Argentina to Australia Netflix's ascension from a Silicon Valley start up to an international television service has transformed media consumption on a global scale Netflix Nations will help readers make sense of a complex ever shifting streaming media environment

Dunja M. Mohr,Kirsten Sandrock,2025-03-31 Perhaps more timely than ever Margaret Atwood s Aesthetics offers novel perspectives on both contemporary and canonical topics in Margaret Atwood s work with a special focus on the intersections of literature and politics Arguably one of the most political writers of our times Atwood s oeuvre subtly and overtly entangles readers in the dialectics of personal and political power asymmetries intrinsic to her aesthetic practices The collection takes its cue from the concept of the artpolitical as coined by Crispin Sartwell whose afterword addresses Atwood s aesthetic and imaginative material world construction and explores the interrelationship between literatures and aesthetic as well as political systems in Atwood s works Individual chapters of Margaret Atwood s Aesthetics contribute to increasingly burning questions concerning the relevance of literature today by drawing on a variety of critical perspectives including Anthropocene studies gender intersectionality the nonhuman and the posthuman Mikhail Bakhtin s carnivalesque risk studies nationhood intermediality and teaching Chapters offer fresh views on some of Atwood s most prominent works such as The Handmaid s Tale and The Testaments and their transmedial adaptations while other chapters focus on Atwood s latest publications as well as on under researched works including her graphic novels and her web serialized publications Margaret Atwood s Aesthetics provides unique insights into the aesthetic and political power of Atwood s oeuvre arguing that literary

and media representations and cultural adaptation practices contain a significant transformative potential that reaches beyond the page Five year report Malaysia. Bahagian Parit dan Tali air,1986 **National Irrigation Journal** ,1911
