Numbers 1 Rachel Ward:

Numbers (The Numbers Trilogy, Book 1) Rachel Ward, 2011-05-01 Starred by PW and SLJ Now in paperback Rachel Ward's gripping debut psycho thriller that pairs futuristic sci fi with a tender touchingly real love story Includes a teaser to the sequel Ever since the day her mother died Jem has known about the numbers Numbers that pop into her head when she looks into someone's eyes They re dates the numbers Dates predicting with brute accuracy each person's death Burdened by such horrible knowledge Jem avoids relationships Until she meets Spider another outsider and takes a chance Maybe they can find happiness together if only in the brief time that remains before his expiration date But on a trip to London Jem foresees a chilling chain of events The city's a target The clock's running out The countdown is on to a blowup **Num8ers** Rachel Ward, 2010 Jem has a secret whenever she meets someone new as soon as she looks into their eyes a number pops into her head That number is a date the date they will die Burdened with such awful awareness Jem avoids relationships Until she meets Spider another outsider **Peerless Images** Vice-President Eleanor G Sims, Eleanor Sims, Boris Il'ich Marshak, Ernst J. Grube, Boris Marshak, I., 2002-01-01 This book is the first survey of the figural arts of the Iranian world from prehistoric times to the early twentieth century ever to consider themes rather than styles Analyzing primarily painting in manuscripts and albums on walls and on lacquered painted pen boxes and caskets but also the related arts of sculpture ceramics and metalwork the author finds that the underlying themes depicted on them through the ages are remarkably consistent Eleanor Sims demonstrates that all these arts display similar concerns kingship and legitimacy the righteous exercise of princely power and the defense of national territory and the performance of rituals and the religious duties called for by the paramount cult of the day She describes a variety of superb works of art inside and outside these categories noting not only how they illustrate archetypal themes but also what it is about them that is unique She also discusses the ways that Iranian art both influenced and was influenced by invaders and neighboring lands Boris I Marshak discusses pre Islamic and also Central Asian art in particular the earliest Iranian wall paintings and their pictorial parallels in rock carvings and metalwork and the richly painted temples and houses of Panjikent Ernst J Grube considers religious imagery and provides an informative bibliography **Morning Telegraph's Racing Chart Book**, 1906 *A List of the Patrons, Officers, Committees, Governors & Subscribers* Royal Masonic Institution for Boys, 1912 *Risky Business* R. Serge Denisoff, William D. Romanowski, 2011-12-31 The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century Rock music and its interaction with film is the subject of this significant book that re examines and extends Serge Denisoff's pioneering observations of this relationship Prior to Saturday Night Fever rock music had a limited role in the motion picture business That movie's success and the success of its soundtrack began to change the silver screen In 1983 with Flashdance the situation drastically evolved and by 1984 ten soundtracks many in the pop rock genre were certified platinum Choosing which rock scores to discuss in this book was a challenging task The authors made selections

from seminal films such as *The Graduate*, *Easy Rider*, *American Graffiti*, *Saturday Night Fever*, *Help* and *Dirty Dancing*. However many productions of the period are significant not because of their success but because of their box office and record store failures. *Risky Business* chronicles the interaction of two major mediums of mass culture in the latter twentieth century. This book is essential for those interested in communications, popular culture and social change. [TV Guide](#), 2004
