Socrates's Eternal Dialogue on Death, Wisdom and Virtue Art Aeon,2025-12-04 Socrates s Eternal Dialogue on Death Wisdom and Virtue is an imaginary narrative poem in syllabic tercet stanzas It unfolds a soul searching conversation between the character Xanthippe the widow of Socrates and the character Plato who visits Xanthippe soon after the execution of his revered mentor Socrates The situation in this story is the same as that in The Phaedo of the historic philosopher Plato 423 347 BCE On his last day in the Athenian prison what things Socrates discussed with his devoted friends and how he met his death However the content of the present fiction is substantially different from Plato s Phaedo The main topic of Plato s Phaedo is Socrates s arguments for the immortality of the soul In this fiction the character Socrates is portrayed to discuss various topics The nature of death the meanings of mystic words such as soul immortality gods muses etc the nature of justice the ethical problems of the Olympian deities as depicted by Homer Hesiod and other great Greek poets in their epics and tragedies Socrates introduces the profound and revolutionary

philosophic ideas of Xenophanes c 570 c 475 BCE who criticized Homer and Hesiod for portraying the Olympian gods as human like and immoral After discussions on the impossibility of any human to know the true nature of deity they examine the tragedy Prometheus Bound of Aeschylus c 525 c 455 BCE to discuss the topic of divine justice In time the jailor comes in and sends away everyone except Xanthippe Socrates takes a nap before his execution When he wakes up he relates to Xanthippe his mysterious last dream How he happened to meet Prometheus the compassionate saviour of humankind from Zeus plan of their extermination how he repented to Prometheus for the people s vile bigotry of Zeus in disrespect of their saviour and how he learned the profound mystery of the vast cosmic drama of the universe At sunset Socrates thanks Xanthippe for her devotion prays to Athena to protect his beloved family and dedicates his spirit to Prometheus Then he drinks the poison in composure and meets his death in peace Thus Xanthippe finishes her recollection of the final day of Socrates Deeply moved Plato vows to Xanthippe that he will devote his life to studying what Socrates taught and immortalize his ideals by writing them in books for humankind to peruse Here ends this imaginary narrative song Socrates Eternal Dialogue on Death Wisdom and Virtue [100 Great Quotes by Socrates](#) Farhad Hemmatkhah Kalibar, Welcome to the 100 Great Quotes series a collection that celebrates the profound insights and timeless wisdom of some of the greatest minds in history Each book in this series is a curated compilation of 100 remarkable quotes by a single individual offering readers a glimpse into the depth of their thoughts and the enduring impact of their ideas In a world filled with constant noise and rapid change these books serve as a sanctuary of contemplation Within these pages you will find the distilled essence of the thinkers and visionaries who have shaped our understanding of the world From philosophers and scientists to artists and leaders each volume is a journey into the unique perspectives that have stood the test of time Dive into the brilliance of minds that have left an indelible mark on human history Whether you seek inspiration reflection or simply a moment of clarity the 100 Great Quotes series invites you to explore the profound and enduring truths encapsulated in the words of these extraordinary individuals [Wise Quotes](#) Rowan Stevens,2020-05-07 This book will make you think about the world society yourself and others with more clarity and wisdom Featuring 136 Socrates quotes on Society Marriage Knowledge Inspiration Beautyand more An elegant collection of the one of the greatest philosophers the world has ever known Order today and meditate on the wise sayings of Socrates **The Quotations of the New Testament from the Old** Franklin Johnson,1896 **How Philosophy Became Socratic** Laurence Lampert,2010-07-15 Plato s dialogues show Socrates at different ages beginning when he was about nineteen and already deeply immersed in philosophy and ending with his execution five decades later By presenting his model philosopher across a fifty year span of his life Plato leads his readers to wonder does that time period correspond to the development of Socrates thought In this magisterial investigation of the evolution of Socrates philosophy Laurence Lampert answers in the affirmative The chronological route that Plato maps for us Lampert argues reveals the enduring record of philosophy as it gradually took the form that came to dominate the life of the

mind in the West The reader accompanies Socrates as he breaks with the century old tradition of philosophy turns to his own path gradually enters into a deeper understanding of nature and human nature and discovers the successful way to transmit his wisdom to the wider world Focusing on the final and most prominent step in that process and offering detailed textual analysis of Plato s Protagoras Charmides and Republic How Philosophy Became Socratic charts Socrates gradual discovery of a proper politics to shelter and advance philosophy *Best Quotes of Bestquotesof Ltd,2016-01-30 Best Quotes Of Aristotle Plato Socrates*

Rhetoric and Reality in Plato's "Phaedrus" David A. White,1993-01-01 The Phaedrus is well known for the splendid mythical panorama Socrates develops in his second speech and for its graphic descriptions of erotic behavior This book shows how the details of the myth and the accounts of interaction between lovers are based on a carefully articulated metaphysical structure It follows the dialogue as narrated showing how passages that may not appear relevant to metaphysics have been deployed to heighten the vision of reality that Socrates develops in his second speech and concludes with an Epilogue in which the metaphysical principles adumbrated in the dialogue are ordered and briefly developed This Epilogue helps illustrate the continuity between the Phaedrus and subsequent dialogues such as the Parmenides Sophist Statesman and Philebus in which methodological and metaphysical concerns are dominant for Plato As a result new connections emerge between the metaphysical domain in Plato s thought and the more visible and vibrant areas of the psychology of eros and practical rhetoric Back cover
