No Red Lights Alan J. Patricof, 2022-05-03 As featured in The Wall Street Journal One of Business Insider's 5 Best Leadership Books I Read This Year for 2022 A look back at entrepreneurial growth and venture capital in the last half century by one of the leading figures in the industry Extensive media and online coverage of the business arena news of startups mergers and deals are familiar headlines these days But that wasn't always the case The early years of venture capital were a far cry from today's very public dealings Alan Patricof one of the pioneers of the venture arena offers a behind the scenes look at the past fifty years of the industry From buying

stock in Apple when its market valuation was only 60 million to founding New York Magazine to investing in AOL Audible and more recently Axios his discerning approach to finding companies is almost peerless All of Patricof s investments from Xerox to Venmo share certain qualities Each company had sound product with wide appeal the economics were solid and the management team was talented and committed to seeing their visions come to fruition

Disruptive Fintech James Deitch,2019-12-16 Throughout history innovators have disrupted existing financial services norms to change the landscape of the marketplace Disruptive Fintech briefly traces fractional reserves the creation of bank currency that traded at a premium to bullion value central bank regulation securitization of assets and loans the current state of digital currency and electronic payments The author then looks toward the future of fintech and the forces of disruption that will change the landscape of financial life as we know it Using over 100 interviews with thought leading CEOs this book develops a methodology to identify financial services that are ripe for innovation and discusses how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models The book discusses How to relate historical innovations and disruptions in financial services to the current landscape How to follow a process to identify the threats facing incumbent processes and businesses and how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models How many fintech innovations will be constructed by re arranging or re purposing existing core processes In this insightful book author James Deitch CPA CMB argues that some of today s high flying fintech innovators will flourish but many may perish as the fire of innovation consumes those fintechs that are slow to monetize their promises
