With a focus on these four evidence-based and classroom-tested strategies, Oczkus presents new ways to use reciprocal teaching to improve students' comprehension while actively engaging them in learning and encouraging independence. Appealing to students and teachers alike, reciprocal teaching encompasses social aspects of teaching and learning with modeling, think-alouds, and discussion. This helpful guide is packed with fresh material, including more than 40 new and updated step-by-step lessons and minilessons that reflect current thinking and best practice. Dozens of rich suggestions for diving into informational texts. Updated research and relevant results that show the effectiveness of reciprocal teaching. Reviews and Testimonials. Literacy coach and author Lori Oczkus knows how to take the best of what works from long-established research and showcase it to make teaching and learning more effective, engaging, and enjoyable. In her latest edition of *Reciprocal Teaching at Work*, she demonstrates how to scaffold instruction so that all K-12 students can benefit from reciprocal teaching techniques, what she calls the Fab Four: predicting, questioning, clarifying, and summarizing, in whole-group, guided reading, and book club settings for both fiction and informational texts. In clearly delineated lessons and minilessons, Lori deftly shares how to support students' learning, including English language learners and students who struggle, so they can successfully apply and monitor those four discussion strategies as well as troubleshoot problems to yield significant progress in their reading comprehension. Filled with great practical ideas, this gem of a book is a must-have for all literacy educators. Regie Routman, author of *Read Write Lead*, *Literacy Essentials*, and *Reading Essentials*. Reciprocal teaching works to push students into deeper learning.
